HB 722, AN ACT relating to city-owned or operated sanitary sewers.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 96.150 is amended to read as follows:

(1) Any city that owns or operates a water supply or sanitary sewer system may extend the system into, and furnish and sell water and provide sanitary sewers to any person within, any territory contiguous to the city, and may install within that territory necessary apparatus; provided, however, that the extension of a water supply or sanitary sewer system shall not enter into any territory served by an existing water supply or sanitary sewer district unless such district requests the extension of water or sewer services from a city. The determination shall include consideration of the incremental costs of adequately sized pipe and associated pumps and towers, and the benefits of real estate development, water sales, the availability of fire protection insurance, and the reduction in fire insurance premiums which may result from the installation of hydrants at specified intervals. When extending lines to a water district or water association, the determination may be made in consultation with the district or association, taking into consideration their fiscal capacity.

The operation of any motor vehicle in accordance with the terms of the permit shall not constitute a violation of this chapter, if the operator has a valid permit, or a copy of a valid permit, in his or her possession.

The measured reflectance of any of those sections may not exceed fifty percent (50%).

(5) A person shall not operate a motor vehicle required to be registered in the Commonwealth, upon a public highway, road, or street, on which vehicle the rear window is composed of, covered by, or treated with any material which has the effect of making the window nontransparent, unless the vehicle is equipped with side mirrors on both sides.

HB 552, AN ACT relating to commerce.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 376 IS CREATED TO READ AS FOLLOWS:

(1) As used in this section, unless the context otherwise requires:

(a) "Customer" means any person who causes a molder to fabricate, cast, or otherwise make a die, mold, form, or pattern, or who provides a molder with a die, mold, form, or pattern, to manufacture, assemble, cast, fabricate, or otherwise make a product for a customer; and

(b) "Molder" means any person who fabricates, casts, or otherwise makes or uses a die, mold, form, or pattern for the purpose of manufacturing, assembling, casting, fabricating, or otherwise making a product for a customer. "Molder" includes, but is not limited to, a tool or die maker.

(2) (a) In the absence of any agreement to the contrary, a customer shall have all rights and title to any die, mold, form, or pattern in the possession of a molder.

(b) If a customer does not claim possession from a molder of a die, mold, form, or pattern, all rights and title to any die, mold, form, or pattern shall be transferred by operation of law to the molder for the purpose of destroying or otherwise disposing of the die, mold, form, or pattern, consistent with this subsection.

(c) If a molder chooses to have all rights and title to any die, mold, form, or pattern transferred to the molder by operation of law, the molder shall send written notice by registered mail to the chief executive officer of the customer or, if the customer is not a business entity, to the customer, at the customer's last known address. The written notice shall indicate that the molder intends to terminate the customer's rights and title by having the rights and title transferred to the molder by operation of law under this section. The notice shall include a statement of the customer's rights set forth in paragraph (d) of this subsection.

(d) 1. If a customer does not respond in person or by mail to claim possession of a particular die, mold, form, or pattern within one hundred twenty (120) days following the date that the notice was mailed, or does not make contractual arrangements with the molder for storage of the die, mold, form, or pattern, all rights and title of the customer, except patents and copyrights, shall transfer by operation of law to the molder. Thereafter, the molder may destroy or otherwise dispose of the particular die, mold, form, or pattern as the molder's own property without any risk of liability to the customer.

2. This section shall not be construed in any manner to affect any right of the customer under federal patent or copyright law or federal law pertaining to unfair competition.

(3) (a) A molder shall have a lien, dependent on possession, on all dies, molds, forms, or patterns in his hands and that belong to a customer, for the balance due him from the customer for any manufacturing or fabrication work, and in the value of all material related to the work. The molder may retain possession of the die, mold, form, or pattern until the charges are paid.

(b) Before enforcing a lien, a molder shall give notice in writing to the customer, whether delivered personally or sent by registered mail to the last known address of the customer. The notice shall state that a lien is claimed for the damages set forth in or attached to the writing for manufacturing or fabrication work contracted or performed for the customer. The notice shall also include a demand for payment.

(c) If the molder has not been paid the amount due within sixty (60) days after the notice has been received by the customer, as provided in paragraph (b) of this subsection, the molder may sell the die, mold, form, or

pattern at a public auction.

(4) (a) Before a molder may sell the die, mold, form, or pattern, the molder shall notify the customer by registered mail, return receipt requested. The notice shall include:

1. The molder's intention to sell the die, mold, form, or pattern thirty (30) days after the customer's receipt of the notice;

2. A description of the die, mold, form, or pattern to be sold;

3. The time and place of the sale; and

4. An itemized statement for the amount due.

(b) If there is not a return of the receipt of the mailing or if the postal service returns the notice as being nondeliverable, the molder shall publish the notice of the molder's intention to sell the die, mold, form, or pattern in a newspaper of general circulation in the customer's last known place of business. The notice shall include a description of the die, mold, form, or pattern.

(c) 1. If the sale is for a sum greater than the amount of the lien, the excess shall be paid to any prior lienholder known to the molder at the time of the sale and any remainder shall be paid to the customer, if the customer's address is known, or the Kentucky State Treasurer for deposit in the general fund if the customer's address is unknown to the molder at the time of the sale.

2. A molder shall not conduct a sale if the sale violates any right of a customer under federal patent or copyright law.

If the defendant's counterclaim is in excess of the jurisdictional limits of the division, then the provisions of KRS 24A.310(1) shall apply.

HB 667, AN ACT relating to claims.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 44.072 is amended to read as follows:

It is the intention of the General Assembly to provide the means to enable a person negligently injured by the Commonwealth, any of its cabinets, departments, bureaus or agencies, or any of its officers, agents or employees while acting within the scope of their employment by the Commonwealth or any of its cabinets, departments, bureaus or agencies to be able to assert their just claims as herein provided. The Commonwealth thereby waives the sovereign immunity defense only in the limited situations as herein set forth. It is further the intention of the General Assembly to otherwise expressly preserve the sovereign immunity of the Commonwealth, any of its cabinets, departments, bureaus or agencies or any of its officers, agents or employees while acting in the scope of their employment by the Commonwealth or any of its cabinets, departments, bureaus or agencies in all other situations except where sovereign immunity is specifically and expressly waived as set forth by statute***, or by the purchase of liability insurance or the establishment of a fund for self-insurance by the Commonwealth, its cabinets, departments, bureaus, agencies, officers, or employees to the extent of insurance coverage or fund limits. Any purchase of liability insurance or the establishment of any self-insurance fund shall be voluntary and shall constitute an express waiver of sovereign immunity for the Commonwealth, its cabinets, departments, bureaus, agencies, or any of its officers, agents, or employees while acting within the scope of their employment by the Commonwealth, its cabinets, departments, bureaus, or agencies only to the extent of insurance coverage or fund limits***. The Board of Claims shall have exclusive jurisdiction to hear claims for damages, except as otherwise specifically set forth by statute ***or where sovereign immunity is expressly waived as set forth in this section***, against the Commonwealth, its cabinets, departments, bureaus, agencies or any of its officers, agents or employees while acting within the scope of their employment by the Commonwealth, its cabinets, departments, bureaus or agencies.

Section 2. KRS 44.073 is amended to read as follows:

(1) For purposes of KRS 44.072, state institutions of higher education under KRS Chapter 164 are agencies of the state.

(2) ***Except as provided by Section 1 of this Act,*** the Board of Claims shall have primary and exclusive jurisdiction over all negligence claims for the negligent performance of ministerial acts against the Commonwealth, any of its cabinets, departments, bureaus, or agencies, or any officers, agents, or employees thereof while acting within the scope of their employment by the Commonwealth or any of its cabinets, departments, bureaus, or agencies.

(3) ***Except as provided by Section 1 of this Act,*** the Board of Claims shall have primary and exclusive jurisdiction to make findings of fact, conclusions of law, and legal determinations with regard to whether the alleged negligent act was on the part of the Commonwealth or any of its cabinets, departments, bureaus, or agencies or any officers, agents, or employees thereof.

(4) ***Except as provided by Section 1 of this Act,*** the Board of Claims shall have primary and exclusive jurisdiction to make findings of fact, conclusions of law, and legal determinations with regard to whether the alleged negligent act was on the part of the Commonwealth or any of its cabinets, departments, bureaus, or agencies, or any of its officers, agents, or employees while acting within the scope of their employment by the Commonwealth or any of its cabinets, departments, bureaus, or agencies.

(5) ***Except as provided by Section 1 of this Act,*** no action for negligence against the Commonwealth, any of its cabinets, departments, bureaus, or agencies, or any officers, agents, or employees thereof may be brought initially in any other court or forum in the Commonwealth except the Board of Claims until the Board of Claims makes a determination, that has become final, that the Board of Claims has or does not have primary and exclusive jurisdiction over the claim.

(6) The determination by the Board of Claims becomes final only after all appellate rights have been finalized or waived.

(7) Any applicable statute of limitations for bringing negligence actions in any court or forum other than the Board of Claims shall be tolled pending the final determination that the Board of Claims does not have primary and exclusive jurisdiction of the negligence claim.

(8) ***Except as provided by Section 1 of this Act,*** no action for negligence may be brought in any court or forum other than the Board of Claims against the Commonwealth, any of its cabinets, departments, bureaus, or agencies or any of its officers, agents, or employees while acting within the scope of their employment by the Commonwealth or any of its cabinets, departments, bureaus, or agencies.

(9) Negligence as used herein includes negligence, gross negligence, or wanton negligence.

(10) The defense of contributory negligence is not a complete bar to recovery of plaintiff's claim in the Board of Claims, and the doctrine of comparative negligence shall be utilized by the board.

(11) Except as otherwise provided by this chapter, nothing contained herein shall be construed to be a waiver of sovereign immunity or any other immunity or privilege maintained by the Commonwealth, its cabinets, departments, bureaus, and agencies and its officers, agents, and employees.

(12) Except as otherwise specifically set forth by statute and in reference to subsection (11) of this section, no action for

damages may be maintained in any court or forum against the Commonwealth, any of its cabinets, departments, bureaus, or agencies or any of its officers, agents, or employees while acting within their official capacity and scope of their employment by the Commonwealth or any of its cabinets, departments, bureaus, or agencies.

(13) The preservation of sovereign immunity referred to in subsections (11) and (12) of this section includes, but is not limited to, the following:

(a) Discretionary acts or decisions;

(b) Executive decisions;

(c) Ministerial acts;

(d) Actions in the performance of obligations running to the public as a whole;

Except as specifically set forth by statute, no counterclaim, set-off, recoupment, cross-claim, or other form of avoidance of the claim for damages may be asserted by any person when suit is brought against said person by the Commonwealth or any of its cabinets, departments, bureaus, or agencies thereof.

(15) Neither the Commonwealth nor any of its cabinets, departments, bureaus, or agencies or any officers, agents, or employees thereof shall be liable under a respondeat superior theory or any other similar theory for the acts of independent contractors, contractors, or subcontractors thereof or anyone else doing work or providing services for the state on a volunteer basis or pursuant to a contract therewith.

(2) Where the person having charge of the child is able to pay for the care or treatment or portions thereof, the court shall so direct and in what amounts, and such funds as he is able to pay shall be turned over to the cabinet ***or the Department of Juvenile Justice, as appropriate,*** or the person having custody and care of the child to be applied on the cost of the treatment and care of the child.

(5) The children in each facility and program shall be employed so far as practicable in labor incident to the maintenance and operation of the facility and program, and in suitable industries conducted by the facilities and programs as a part of the vocational training program.

(6) The superintendent or managing officer of each facility may use, for the maintenance of the facility, the products of farms, dairies, and other departments and industries of the facility, or may sell or exchange such products for the benefit of the facility.

Section 12. KRS 605.150 is amended to read as follows:

(1) The cabinet may promulgate administrative regulations to implement the provisions of this chapter.

(2) The Department of Juvenile Justice may promulgate administrative regulations to implement the provisions of this chapter.

(3) The cabinet and the department shall not promulgate administrative regulations under this chapter that conflict.

Section 13. KRS 610.010 is amended to read as follows:

(1) Unless otherwise exempted by KRS Chapters 600 to 645, the juvenile session of the District Court of each county shall have exclusive jurisdiction in proceedings concerning any child living or found within the county who has not reached his eighteenth birthday or of any person who at the time of committing a public offense was under the age of eighteen (18) years, who allegedly:

(a) Has committed a public offense prior to his eighteenth birthday, except a motor vehicle offense involving a child sixteen (16) years of age or older. A child sixteen (16) years of age or older taken into custody upon the allegation that he has committed a motor vehicle offense shall be treated as an adult and shall have the same conditions of release applied to him as an adult. A child taken into custody upon the allegation that he has committed a motor vehicle offense who is not released under conditions of release applicable to adults shall be held, pending his appearance before the District Court, in a secure juvenile detention facility or a juvenile holding facility or, if neither is available, in an intermittent holding facility. Children sixteen (16) years of age or older who are convicted of, or plead guilty to, a motor vehicle offense shall, if sentenced to a term of confinement, be placed in a secure juvenile detention facility or a juvenile holding facility. The term "motor vehicle offense" shall not be deemed to include the offense of stealing or converting a motor vehicle nor operating the same without the owner's consent, nor any offense which constitutes a felony;

(b) Has not subjected himself to the reasonable control of his parent or guardian, school personnel, or other person exercising custodial control or supervision of the child;

(c) Is an habitual truant from school;

(d) Is an habitual runaway from his parent or other person exercising custodial control or supervision of the child;

(e) Is dependent, neglected, or abused; or

(f) Is mentally ill.

(2) Actions brought under subsection (1)(a) of this section shall be considered to be public offense actions.

(3) Actions brought under subsection (1)(b), (c), and (d) of this section shall be considered to be status offense actions.

(4) Actions brought under subsection (1)(e) of this section shall be considered to be dependency actions.

(5) Actions brought under subsection (1)(f) of this section shall be considered to be mental health actions.

(6) Nothing in this chapter shall deprive other courts of the jurisdiction to determine the custody or guardianship of children upon writs of habeas corpus, or to determine the custody or guardianship of children when such custody or guardianship is incidental to the determination of other causes pending in such other courts; nor shall anything in this chapter affect the jurisdiction of Circuit Courts over adoptions and proceedings for termination of parental rights. The court shall have no jurisdiction to make permanent awards of custody of a child, but if the court finds an emergency to exist affecting the welfare of a child, it may make temporary orders for his custody; however, if the case involves allegations of dependency, neglect, or abuse, no emergency removal or temporary custody orders shall be effective unless the provisions of KRS Chapter 620 are followed. Such orders shall be entirely without prejudice to the proceedings for permanent custody of the child and shall remain in effect until modified or set aside by the court. Upon the entry of a temporary or final judgment in the Circuit Court awarding custody of such child, all prior orders of the juvenile session of the District Court in conflict therewith shall be deemed canceled. This section shall not work to deprive the Circuit Court of jurisdiction over cases filed in Circuit Court.

(7) The court of each county wherein a public offense, as defined in paragraph (a) of subsection (1) of this section, is committed by a child who is a resident of another county of this state shall have concurrent jurisdiction over such child with the court of the county wherein the child resides or the court of the county where the child is found. Whichever court first acquires jurisdiction of such child may proceed to final disposition of his case, or in its discretion may make an order transferring the case to the court of the county of his residence, or the county wherein the offense was committed, as the case may be.

(8) Nothing in this chapter shall prevent the District Court from holding a child in contempt of court to enforce ***valid court*** orders previously issued by the court.

(9) Except as provided in KRS 635.060(3), nothing in this chapter shall confer upon the District Court jurisdiction over the actions of the ***Department of Juvenile Justice or the*** cabinet in the placement, care, or treatment of a child committed to the ***Department of Juvenile Justice or the*** cabinet; or to require the ***department or the*** cabinet to perform, or to refrain from performing, any specific act in the placement, care, or treatment of any child committed to the ***department or the***

cabinet.

(10) Unless precluded by KRS Chapter 635 or 640, in addition to informal adjustment, the court shall have the discretion to amend the petition to reflect jurisdiction pursuant to the proper chapter of the Kentucky Unified Juvenile Code.

(11) The court shall have continuing jurisdiction over a child pursuant to subsection (1) of this section, to review dispositional orders, and to conduct dispositional hearings under 42 U.S.C. sec. 675(5)(c), until the child is placed for adoption, returned home to his parents with all the court imposed conditions terminated, or reaches the age of eighteen (18) years.

Section 14. KRS 610.060 is amended to read as follows:

(1) If the Circuit or District Court determines that a formal proceeding is required in the interest of the child or to determine the truth or falsity of the allegations against the child, a petition shall be required pursuant to KRS 610.020, and the court shall, when the child is brought before the court:

(a) Explain to the child and his parents, guardian, or person exercising custodial control their respective rights to counsel and, if the child and his parents, guardian, or person exercising custodial control are unable to obtain counsel, shall appoint counsel for the child and, unless specified to the contrary by other provisions of KRS Chapters 600 to 645, may appoint counsel for the parents, guardian, or person exercising custodial control;

(b) Explain the right against self-incrimination by saying that the child, parents, relative, guardian, or custodian may remain silent concerning the charges against the child, and that anything said may be used against the child;

(c) Unless limited by statute, explain the right to confront anyone who has accused the child and to cross-examine that person on the allegations made against the child;

(d) Advise the child and his parents, guardian, or person exercising custodial control of the right to appeal from a determination of the court; and

(e) Advise the child that these rights belong to him and may not be waived by his parents, guardian, or person exercising custodial control.

(2) Unless otherwise exempted in KRS Chapters 600 to 645, a child and his parents or person exercising custodial control shall have a right to attend the hearing if such attendance will not unnecessarily delay the hearing.

(3) Subject to the provisions of KRS 31.125, the court may order a parent to pay for counsel for the child if the court determines that the parent has the ability to pay for such counsel. ***The fact that a child is committed to a state agency shall not be cause for the court to order that agency to pay for counsel.***

(4) Subject to Rule 43.09 of the Rules of Civil Procedure, the court shall permit the victim, the victim's parents or legal guardian, or, if emancipated, the victim's spouse, or the legal representative of any of these, to attend all proceedings under this section.

(5) An attempt shall be made to notify the persons specified in subsection (4) of this section of the time, date, and place of all proceedings under this section. Each District Court shall, by rule, establish the means of notification and the person or agency responsible for making the notifications. The failure of a victim or other person specified in subsection (4) of this section to receive notice shall not delay the proceedings in the case.

Section 15. KRS 610.070 is amended to read as follows:

(1) All cases involving children brought before the court whose cases are under the jurisdiction of the court shall be granted a speedy hearing and shall be dealt with by the court without a jury.

(2) The hearings shall be conducted in a formal manner, unless specified to the contrary by other provisions of KRS Chapters 600 to 645.

(3) The general public shall be excluded and only the immediate families or guardians of the parties before the court, witnesses necessary for the prosecution and defense of the case, the probation worker with direct interest in the case, ***a representative from the Department of Juvenile Justice,*** the victim, his parent or legal guardian, or if emancipated, his spouse, or a legal representative of either, such persons admitted as the judge shall find have a direct interest in the case or in the work of the court, and such other persons as agreed to by the child and his attorney may be admitted to the hearing. A parent, legal guardian, or spouse if a witness shall be admitted to the hearing only during and after his testimony at the hearing, and witnesses shall be admitted to the hearing only for the duration of their testimony. The court may order the exclusion of a parent, legal guardian, or spouse, if it is shown to the satisfaction of the court that the parent, legal guardian, or spouse may physically disrupt the proceedings or may do violence to any participant therein. The mere presence of a parent, legal guardian, or spouse shall not be deemed to be a disruption of the proceedings merely because their presence may make the defendant uncomfortable; the court shall find a potential for actual physical disruption of the proceedings before an exclusion may be granted for this reason.

(4) The court may order the parents, guardians, or persons exercising custodial control over the child to be present at any hearing or other proceeding involving the child.

Section 16. KRS 610.100 is amended to read as follows:

(1) Unless there is a suitable prior disposition investigation report or unless waived by the child, before making disposition

of the case of a child brought before the court under the provisions of KRS Chapters 630 or 635, whether by complaint pursuant to KRS 610.020, or by reason of having been taken into custody pursuant to KRS 610.190, the judge shall cause an investigation to be made concerning the nature of the specific act complained of and any surrounding circumstances which suggest the future care and guidance which should be given the child. The investigation shall include an inquiry into the child's age, habits, school record, general reputation, and everything that may pertain to his life, and character. The investigation shall also include an inquiry into the home conditions, life, and character of the person having custody of the child. The investigation shall also include an assessment of the parent or guardian's ability to pay all or part of the cost of the child's care and treatment should the child be ordered into a treatment program or placed on supervised probation. The result of the investigation shall be reported in writing to the court and to counsel for the parties three (3) days prior to the child's dispositional hearing and shall become a part of the record of the proceedings. The child may waive the three (3) day requirement. Objections by counsel at the dispositional hearing to portions of the dispositional report shall be noted in the record.

(2) The investigation shall be conducted by volunteer or salaried probation officers of the juvenile court or by a suitable public or private agency. The cabinet and the Department of Juvenile Justice may furnish investigation services under agreements with the individual juvenile courts. For this purpose, any county judge/executive or chief executive officer of an urban-county government may enter into a contract on behalf of his county with the ***Department of Juvenile Justice or the*** cabinet for the furnishings of such services.

(3) Upon the court's motion or the motion of any party, an informal adjustment may be made at any time during the proceedings and with the victim and with those persons specified in KRS 610.070 having prior notification of the motion.

Section 17. KRS 610.170 is amended to read as follows:

If it appears from the investigation required in KRS 610.100 or otherwise that the parent or other person exercising custodial control or supervision of any child, or the estate of any child, who has been found to fall within the purview of KRS Chapters 600 to 645 and who has been left in his own home or in the home of a relative, placed on probation or placed in a foster home or boarding home, or in the care of a public or private facility or agency, or the Department of Juvenile Justice or the cabinet, is able to contribute to the support of the child, the court shall~~[, if a petition has been filed,]~~ enter an order requiring the parent or estate to pay a reasonable sum for the support, maintenance, or education of the child. The order shall direct that the money be paid to the circuit clerk to be disbursed as ordered by the court or be paid to the person, facility, agency, or the Department of Juvenile Justice or cabinet to which the child was committed or probated. On application and on such notice as the court may direct, the court may make alterations in the requirement for contribution. The court may issue such orders necessary to compel payment of the sum due. The enforcement of a sentence imposed on a parent who fails to comply with the order of the court may be suspended at the discretion of the court, but the suspension may be revoked at the discretion of the court upon the failure of the parent to obey further orders of the court. This section shall not apply when the parent or other person exercising custodial control or supervision of the child was the victim of the child's criminal conduct or filed the complaint against the child.

Section 18. KRS 610.200 is amended to read as follows:

(1) When a peace officer has taken or received a child into custody on a charge of committing an offense, the officer shall immediately inform the child of his constitutional rights and afford him the protections required thereunder, notify the parent, or if the child is committed, ***the Department of Juvenile Justice or*** the cabinet, ***as appropriate,*** and if the parent is not available, then a relative, guardian, person exercising custodial control or supervision of the child, that the child has been taken into custody, give an account of specific charges against the child, including the specific statute alleged to have been violated, and the reasons for taking the child into custody.

(2) Unless the child is subject to trial as an adult or unless the nature of the offense or other circumstances are such as to indicate the necessity of retaining the child in custody, the officer shall release the child to the custody of his parent or if the child is committed, the Department of Juvenile Justice ***or the cabinet, as appropriate***, or if the parent is not available, then a relative, guardian, person exercising custodial control or supervision or other responsible person or agency approved by the court upon the written promise, signed by such person or agency, to bring the child to the court at a stated time or at such time as the court may order. The written promise, accompanied by a written report by the officer, shall be submitted forthwith to the court or court-designated worker and shall detail the reasons for having taken custody of the child, the release of the child, the person to whom the child was released, and the reasons for the release.

(3) If the person fails to produce the child as agreed or upon notice from the court~~, a~~ summons, warrant, or custody order may be issued for the apprehension of the person or of the child, or both.

(4) The release of a child pursuant to this section shall not preclude a peace officer from proceeding with a complaint against a child or any other person.

(5) Unless the child is subject to trial as an adult, if the child is not released, the peace officer shall contact the court-designated worker who may:

(a) Release the child to his parents;

(b) Release the child to such other persons or organizations as are authorized by law;

(c) Release the child to either of the above subject to stated conditions; or

(d) Authorize the peace officer to retain custody of the child for an additional period not to exceed twelve (12) hours during which the peace officer may transport the child to a secure juvenile detention facility or juvenile holding facility. If the child is retained in custody, the court-designated worker shall give notice to the child's parents or person exercising custodial control or supervision of the fact that the child is being retained in custody.

Section 19. KRS 610.267 is amended to read as follows:

(1) Any other provision of KRS Chapters 600 to 645 to the contrary notwithstanding, any county or charter county[~~ that operates a secure detention facility for juveniles~~] may construct, operate, or contract for the operation of a youth alternative center.

(2) The youth alternative center shall be a nonsecure facility and shall be under the jurisdiction of the county jailer or a correctional services division established pursuant to KRS 67A.028.

(3) The youth alternative center shall be used only for the detention of juveniles. The youth alternative center shall not be part of a county jail or other facility which houses adult offenders.

(4) The youth alternative center may be used as a place of detention for juveniles by order of a court prior to adjudication and after adjudication regardless of whether the child is a status offender, public offender, or youthful offender.

(5) A judge shall not be required to house a juvenile in a youth alternative center if he believes that the youth alternative center lacks the security necessary for the detention of that particular juvenile. If the child requires a more secure facility, the judge may order his detention in a more appropriate facility authorized by law.

(6) The Department of ***Juvenile Justice***[~~Corrections~~] shall promulgate administrative regulations relating to the construction, reconstruction, remodeling, and operations of youth alternative centers.

Section 20. KRS 610.330 is amended to read as follows:

(1) Any child who has been adjudicated as coming within the purview of KRS Chapters 630, 635 (with regard to status offenses, misdemeanors, or violations only), or 645, but not KRS Chapters 620 or 640, may petition the court for the expungement of his juvenile court record, except for adjudications involving guilt of an offense which would have been a felony if the offense was committed by an adult. He shall be informed of such right at the time of adjudication. The court on its own motion, or on the motion of a probation officer of the court, a representative of the ***Department of Juvenile Justice or the*** cabinet, or any other interested person may initiate expungement proceedings concerning the record of any child who has been under the jurisdiction of the court. The petition shall be filed or the court order entered no sooner than two (2) years after the date of termination of the court's jurisdiction over the person, or two (2) years after his unconditional release from commitment to the ***Department of Juvenile Justice or the*** Cabinet for Human Resources or a public or private agency, except that the two (2) year period may be waived if the court finds that such extraordinary circumstances exist with regard to the petitioner as to make the waiver advisable.

(2) Upon the filing of a petition or entering of a court order, the court shall set a date for a hearing and shall notify the county attorney and anyone else whom the court or the child, his parents, relatives, guardian, or custodian has reason to believe may have relevant information related to the expungement of the record.

(3) The court shall order sealed all records in the petitioner's case in the custody of the court and any of these records in the custody of any other agency or official, including law enforcement and public or private elementary and secondary school records, if at the hearing the court finds that:

(a) Since the termination of the court's jurisdiction or his unconditional release from commitment to the ***Department of Juvenile Justice, the*** cabinet***,*** or a public or private agency, the person whose record is in question has not been convicted of a felony, and has not been adjudicated under KRS 610.010(1)(a); and

(b) No proceeding concerning a felony and no petition under KRS 610.010(1)(a) is pending or being instituted against him.

(4) Upon the entry of an order to seal the records, the proceedings in the case shall be deemed never to have occurred and all index references shall be deleted and the person and court may properly reply that no record exists with respect to such person upon any inquiry in the matter.

(5) Copies of the order shall be sent to each agency or official named therein.

(6) Inspection of the records included in the order may thereafter be permitted by the court only upon petition by the person who is the subject of such records, and only to those persons named in such petition.

(2) Where possible, court costs shall be assessed against the child, but they may be assessed against the child's parent or legal guardian.

(3) Court costs shall not be assessed against a parent or guardian who is the complainant against the child or who has been the victim of the child's acts.

(4) ***In the case of children who have been committed, court costs shall not be assessed against the Department of Juvenile Justice or the cabinet.***

(5) The court may require juveniles to pay court costs on the installment plan or in any other manner provided for fines by KRS Chapter 534 or to engage in community labor at state minimum wage rates to pay off their court costs. Labor to pay court costs shall be in addition to community labor ordered for other purposes.

Section 22. KRS 635.090 is amended to read as follows:

(1) If the court chooses to treat the child as other than a youthful offender, if the Commonwealth fails to prove the criteria bringing a case under KRS Chapter 640 or if the county attorney elects not to proceed under KRS Chapter 640, the court may:

(a) If a child is fourteen (14) years of age or older, and is adjudicated a public offender in the commission of a capital offense, Class A felony, or Class B felony, the court in its discretion may commit the child to the Department of Juvenile Justice for purposes of treatment or placement in a facility or program for an indeterminate period of time not less than six (6) months. The ***Department of Juvenile Justice***[~~cabinet~~] may petition the court to continue the commitment for the purpose of completing a treatment program but the commitment shall not extend past the child's nineteenth birthday; or

(b) If a child is sixteen (16) years of age or older, and is adjudicated a public offender in the commission of a felony offense and has previously been adjudicated delinquent of one (1) or more felony offenses not arising out of the same course of conduct in separate adjudications, or has previously been adjudicated a public offender for one (1) or more felony offenses not arising out of the same course of conduct in separate adjudications, the court in its discretion may commit the child to the Department of Juvenile Justice for purposes of treatment or placement in a facility or program for an indeterminate period of time not less than six (6) months. The Department of Juvenile Justice may petition the court to continue the commitment for the purpose of completing a treatment program, but the commitment shall not extend past the child's nineteenth birthday.

(2) The Department of Juvenile Justice shall maintain jurisdiction over the child during the period of the commitment. The committing court may, upon motion of the Department of Juvenile Justice, order the child released from the facility or program operated by the Department of Juvenile Justice.

(3) The Department of Juvenile Justice shall notify the committing court if it transfers the child to a different facility or program and note the reasons for the transfer.

(4) The Department of Juvenile Justice shall notify the committing court prior to the termination of treatment or placement as to the future intentions of the Department of Juvenile Justice as they relate to continued treatment of the child.

(5) The committing court may, upon motion of the child, grant shock probation to any child committed under this section after the child has been committed for a minimum of thirty (30) days.

The board in its discretion may hold interviews and hearings for prisoners convicted of Class D felonies. The board in its discretion may request the parole board of another state confining prisoners pursuant to KRS 196.610 to interview eligible prisoners and make a parole recommendation to the board. A parole shall be ordered only for the best interest of society and not as an award of clemency, and it shall not be considered a reduction of sentence or pardon. (4) The board shall insure that sentenced felons confined in county jails are considered for parole within thirty (30) days of their parole eligibility date and the Department of Corrections shall provide the necessary assistance and information to the board in order for it to conduct timely parole reviews.

Notice to victims or their next of kin shall be made, for prisoners incarcerated prior to July 15, 1986, by mail to the Commonwealth's attorney who shall forward the notice promptly to the victims or their next of kin at their last known address. The notice shall include the time, date, and place of the hearing provided for in this subsection, and the name and address of a person to write if the recipient of the notice desires to attend the hearing or to submit written comments.

(6) Persons receiving notice as provided for in subsection (5) of this section may submit comments, in person or in writing, to the board upon all issues relating to the parole of the prisoner. The board shall receive and consider all comments, shall make a record of them which it shall retain in the prisoner's permanent Parole Board file, and shall consider them in conjunction with any subsequent parole decision affecting the prisoner. Persons appearing before the Parole Board pursuant to this subsection may elect to make

their presentations outside of the presence of the prisoner.

(7) ***Victims of Class D felonies may submit comments in person or in writing to the board upon all issues relating to the parole of a prisoner.***

HB 754, AN ACT relating to the judiciary.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 21A.110 is amended to read as follows:

Any retired justice or judge assigned to active judicial service pursuant to Section 110(5)(b) of the Constitution shall be compensated for his service as follows:

(1) The salary for each day which the justice or judge serves shall be the difference, if any, between 1/250 of annual retirement benefits and 1/250 of the annual salary for the judicial office in which he performs the judicial duties. However, ***no special judge shall receive compensation that is less than one hundred fifty dollars ($150) per day.*** This section shall not be construed to require a reduction in retirement benefits if the applicable salary would be less than the retirement benefits.

(2) Necessary expenses incidental to the performance of the duties of such assignment shall be paid out of the State Treasury upon approval by the Chief Justice or his designee.

HB 791, AN ACT relating to judicial retirement.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 21.400 is amended to read as follows:

(1) A member who retires on or after his normal retirement date shall receive a service retirement allowance, payable monthly during his lifetime, in an amount per month equal to two and seventy-five hundredths percent (2.75%) of his final compensation multiplied by the number of years of his service, but in no event to exceed one hundred percent (100%) of final compensation, except that for any service performed while a member prior to July 1, 1978, any service prior to July 1, 1962, creditable under KRS 21.345, and any service performed in continued membership (or allowable under KRS 21.410 or 21.420) after June 30, 1978, by a person who was a member on that date, the monthly percentage figure shall be five percent (5%) of his final compensation multiplied by the number of years of his service, and except that for any service performed by a member who elected membership at an annual accrual rate of four and fifteen one

hundredths percent (4.15%) and for any service performed in continued membership thereafter (or allowable under KRS 21.410 to 21.420), the benefit, payable monthly during his lifetime shall be an amount equal to four and fifteen one-hundredths percent (4.15%) of his final compensation multiplied by the number of years of his service, and except that allowances heretofore granted, and rights related thereto, shall not be affected by the 1978 or 1980 amendments to this section. For this purpose, "final compensation" means the average monthly compensation of the member for the sixty (60) months of service immediately preceding his retirement, including, in the case of a Circuit Judge, compensation received as special commissioner of the former Court of Appeals. If, at the time of retirement or death of a member his total period of service in one or more positions covered by the system has not amounted to sixty (60) months, his "final compensation" shall be computed as if he had served in the first position he occupied under the system for such period of time as to bring his total service (in all positions) to sixty (60) months. If that category of position was not in existence for that period, it shall be treated as though it had been in existence for that period and as if the compensation paid for the presumed period of existence was at the rate provided for the category when it in fact first was created.

(2) ***A member who retires with twenty (20) or more years of service in the retirement system, other than service credited to the member's account under KRS 21.370, or a member who retires with nineteen (19) years of service in the retirement system, and one (1) year of service credited to the member's account under KRS 21.370(4), which service shall include service as an employee of the federal government purchased in the plan under KRS 21.370(4), shall, contrary provisions of this section notwithstanding, commencing at age sixty five (65), receive a service retirement allowance, payable monthly during his lifetime, in an amount per month equal to five percent (5%) of his final compensation multiplied by the number of years of his service.***

(3) A member who retires before his normal retirement date shall be vested with the right to receive, when he reaches his normal retirement age, a service retirement allowance computed and payable in accordance with the provisions of subsection (1) of this section, on the basis of the number of years of his actual service.

(4)[~~(3)~~] *Except when a member's benefit is calculated under subsection (2) of this section,* in lieu of the right provided for in subsection *(3)*[~~(2)~~] of this section, a member who retires before his normal retirement age may elect, at any time before reaching his normal retirement age, to be paid commencing as of the time of the election a monthly service retirement allowance equal in amount to the monthly allowance that would have become payable under subsection *(3)*[~~(2)~~] of this section when he reached his normal retirement age, reduced at the rate of five percent (5%) for each year by which his actual age at the time the election is made is lower than the normal retirement age.

(5)[~~(4)~~] *Except when a member's benefit is calculated under subsection (2) of this section,* a member who retires before his normal retirement date when his benefit is based on twenty-seven (27) years or more of service in the Judicial Retirement Plan, or if his judicial service credit, when combined with service he has in, or for which he is receiving benefits from, the Legislators' Retirement Plan, the Kentucky Employees Retirement System, County Employees Retirement System, State Police Retirement System, or the Teachers' Retirement System, is equal to twenty-seven (27) years, shall be vested with the right to receive a service retirement allowance computed and payable in accordance with the provisions of subsection (1) of this section on the basis of the number of years of his actual service.

(6)[~~(5)~~] In lieu of the right provided for in subsection *(3)*[~~(2)~~] of this section, a member who retires before his normal retirement age may elect, at any time before reaching his normal retirement age, to be paid commencing as of the time of the election, a monthly service retirement allowance equal in amount to the monthly allowance that would have become payable under subsection *(3)*[~~(2)~~] of this section when he reached normal retirement age, reduced at the rate of five percent (5%) for each year by which his years of service or combined service pursuant to subsection *(5)*[~~(4)~~] of this section are lower than twenty-seven (27).

Section 2. KRS 6.520 is amended to read as follows:

(1) A member of the Legislators' Retirement Plan who retires on or after his normal retirement date shall receive a service retirement allowance, payable monthly during his lifetime, in an amount per month equal to three and fifty one-hundredths percent (3.50%) of his final compensation multiplied by the number of years of his service, but in no event to exceed one hundred percent (100%) of final compensation. For this purpose, "final compensation" means the average monthly creditable compensation as determined in KRS 61.510(13) of the member for services as a legislator for the sixty (60) months of service immediately preceding retirement, except that in the case of a legislator who retires pursuant to KRS 21.410 or who dies in office, "final compensation" shall be two thousand two hundred ninety-one dollars sixty-six cents ($2,291.66).

(2) A member shall have rights, with respect to retirement before reaching normal retirement date in the Legislators' Retirement Plan, identical in terms with those rights provided in KRS 21.400*(3)*[~~(2)~~] and *(4)*[~~(3)~~] in the Judicial Retirement Plan for members of that plan, except that the reduction in a legislators' service retirement allowance for early retirement shall be at the rate of five percent (5%) of the allowance for each year that retirement precedes the normal retirement date.

(3) Subsections (1) and (2) of this section to the contrary notwithstanding, each legislator in office on July 1, 1982, that is a member of the Legislators' Retirement Plan, who retires on or after his normal retirement date, shall receive a service

retirement allowance, payable monthly, on a formula equal to that of a justice or judge of the Court of Justice with an equivalent service entrance date, but in no event less than that specified in subsection (1) of this section, of his final compensation multiplied by the number of years of his service, but in no event to exceed one hundred percent (100%) of his final compensation. For this purpose, "final compensation" means the average monthly creditable compensation as determined in KRS 61.510(13) of the sixty (60) months of service immediately preceding retirement.

(4) Subsections (1) and (2) of this section to the contrary notwithstanding, a member of the Legislators' Retirement Plan with a service entrance date after July 1, 1982, who retires on or after his normal retirement date, shall receive a service retirement allowance, payable monthly during his lifetime, in an amount per month equal to two and seventy-five one-hundredths percent (2.75%) of his final compensation multiplied by the number of years of his service, but in no event to exceed one hundred percent (100%) of final compensation. For this purpose, "final compensation" means the average monthly creditable compensation as determined in KRS 61.510(13) of the member for services as a legislator for the sixty (60) months of service immediately preceding retirement.

Section 3. KRS 21.410 is amended to read as follows:

(1) If upon examination of a member under his normal retirement age by one (1) or more qualified physicians employed by the retirement board, it is certified to the satisfaction of the board that such member is so physically or mentally disabled as to be incapacitated for further performance of duty, and that such incapacity is likely to be permanent, the member may retire for disability. A member who so retires shall be entitled to receive commencing immediately a disability retirement allowance, payable monthly during his disability, in an amount equal to one-half (1/2) of the monthly service retirement allowance he would have received commencing at his normal retirement date if he had continued in service until that date and had then retired, computed however on the basis of his final compensation at time of actual retirement.

(2) A member need not have completed eight (8) years of service in order to be eligible for benefits under subsection (1) of this section.

(3) The retirement board shall cause a member who has been retired for disability and who is still under his normal retirement age to undergo periodic examination by one (1) or more qualified physicians employed by the board, to determine whether he continues to be incapacitated for service of the character required of a judge or commissioner. If upon any such examination it is certified to the satisfaction of the board that the member is no longer so incapacitated, or if the member refuses to submit to examination, the board shall terminate his disability retirement allowance. He shall then be entitled to such rights, if any, under subsection *(3)*[~~(2)~~] or *(4)*[~~(3)~~] of KRS 21.400 as he would have been entitled to had he voluntarily retired on the date he was retired for disability.

(4) Upon reaching his normal retirement age, a member who has been receiving a disability retirement allowance may apply for and receive, in lieu thereof, the service retirement allowance he would have been entitled to receive at normal retirement age had he voluntarily retired on the date he was retired for disability.

Section 4. KRS 21.420 is amended to read as follows:

(1) After the death of a member who at the time of his death was receiving a service retirement allowance (other than an actuarially reduced allowance under subsection *(4)*[~~(3)~~] of KRS 21.400), or was receiving a disability retirement allowance, his surviving spouse is entitled to receive during his lifetime a monthly allowance equal to one-half (1/2) of that he was receiving.

(2) (a) If a member dies before retirement and before reaching normal retirement age, without regard to length of service, his surviving spouse is entitled to receive during his lifetime a monthly allowance equal to one-half (1/2) of the monthly allowance the member would have received commencing at his normal retirement date if he had continued in service until that date and had then retired, computed however on the basis of his final compensation at time of death.

(b) If a member dies before retirement and after reaching normal retirement age, his surviving spouse is entitled to receive during his lifetime a monthly allowance equal to one-half (1/2) of the monthly allowance the member would have been entitled to, on the basis of his years of service, had he retired on the date of his death.

(3) If a member dies after retirement and was at the time of his death receiving an actuarially reduced allowance under subsection *(4)*[~~(3)~~] of KRS 21.400, or was not at the time of his death receiving a retirement allowance but had acquired the vested right under subsection *(3)*[~~(2)~~] of KRS 21.400 to have received an allowance upon reaching normal retirement age, his surviving spouse is entitled to receive during his lifetime a monthly allowance equal to one-half (1/2) of the monthly allowance the member would have received when he reached normal retirement age.

(4) A member, or a retiree who has not commenced drawing retirement benefits pursuant to KRS 21.400, who dies without a spouse or eligible children entitled to survivor's benefits, may designate a beneficiary who shall receive the accumulated contributions of the member. Absent a designation by the member or retiree, the accumulated contributions shall be paid to the member's estate.

(5) A member who commences drawing retirement benefits pursuant to KRS 21.400 or 21.410, who dies without a spouse or eligible children entitled to survivor's benefits and before the benefits received by the member equal the personal

contributions of the member, may designate a beneficiary who shall receive the balance of the accumulated contributions of the member. Any offset of contributions by reason of benefits received shall be deducted from the contributions first made to the system. Absent a designation by the member, the accumulated contributions shall be paid to the member's estate.

(6) A member may designate a beneficiary who shall receive the balance of the accumulated contributions of the member, in the event survivor's benefits are being paid pursuant to subsection (1), (2), or (3) of this section, and the survivor dies prior to receiving benefits equal to the member's contributions. In this event, the provisions of subsection (5) of this section shall apply as to offset and payment.

(7) A member may, before retirement, elect in writing to the executive secretary of the Judicial Form Retirement System, to take an optional retirement allowance which shall be actuarially equivalent to the amount of retirement allowance otherwise payable to the member. If the member dies after retirement, the option chosen shall prevail over the provisions of subsections (1) and (3) of this section. If the member dies prior to retirement, the option chosen shall prevail over the provisions of subsection (2) of this section. The options shall include:

(a) Survivorship one hundred percent (100%). The member may elect to receive a decreased retirement allowance during the member's lifetime and have the retirement allowance continued after death to the spouse during the lifetime of the spouse.

(b) Survivorship sixty-six and two-thirds percent (66 2/3%). The member may elect to receive a decreased retirement allowance during the member's lifetime and have two-thirds (2/3) of the retirement allowance continue after death to the spouse during the lifetime of the spouse.

Representative Callahan moved the adoption of the following **Legislative Citation No. 133**. Agreed.

The House of Representatives of the Commonwealth of Kentucky hereby recognizes and commends Marian E. Sizemore for the exceptional generosity of time and effort that she has demonstrated by volunteering to teach children between the ages of kindergarten and third grade how to correctly use 911 services. The immense value of these lessons was poignantly illustrated when five-year-old Rachel Seifert of Fort Thomas called 911 when her mother, Janet, fell unconscious in their family home. As a result of the training in 911 usage that she had received as both a kindergartner and preschooler, this extraordinary young lady remained calm and clearly answered the questions of the dispatcher, which enabled police and paramedics to reach her quickly. Marian E. Sizemore has undertaken a worthy endeavor in an attempt to provide the children and young people of Fort Thomas, Kentucky, knowledge which could one day save the life of a friend or family member. The members of this august body are indeed pleased to join with Representative Jim Callahan in applauding the efforts of this distinguished Kentucky citizen and in extending to her best wishes for success as she embarks upon this worthy venture. **Legislative Citation No. 133** was adopted without objection.

It is with great pleasure that the members of the Kentucky House of Representatives join Representatives Freed Curd and Brent Yonts in recognizing the phenomenal athletic skills of the Racers, their veritable team spirit and their rare heroes' hearts. **Legislative Citation No. 129** was adopted without objection.

HJR 95, A JOINT RESOLUTION directing a study of electric restructuring during the 1998-2000 legislative interim, and making an appropriation therefor.

WHEREAS, electricity is a pervasive force and vital need in the current economy of Kentucky; and

WHEREAS, Kentucky enjoys among the lowest electric utility rates in the nation, benefiting not only citizen ratepayers but also allowing the state to use this as a tool in recruiting business; and

WHEREAS, restructuring the electric industry would have profound impacts upon the overall economy of Kentucky; and

WHEREAS, restructuring and deregulation have yielded tangible benefits in the airline, trucking, and telecommunications industries; and

WHEREAS, several states have begun to restructure their electric delivery systems in the hopes of lowering electric utility rates, and the United States Congress also has begun to debate the issue; and

WHEREAS, any restructuring in Kentucky must guarantee universal quality service, with adequate consumer education, and should take into account any possible impacts upon Kentucky coal as a viable generation source; and

WHEREAS, the issue of electricity restructuring is a complex one deserving of intensive study and careful, prudent recommendations;

NOW, THEREFORE,

Be it resolved by the General Assembly of the Commonwealth of Kentucky:

Section 1. There is established the Electricity Restructuring Task Force, whose membership shall carefully study the issue of electric restructuring in Kentucky during the 1998-2000 interim and analyze its impacts upon the Commonwealth. Section 2. (1) The task force shall be comprised of the following members:

(2) The task force shall have three co-chairs, one appointed by the Governor, one appointed by the President of the Senate, and one appointed by the Speaker of the House. All appointments shall be made before July 31, 1998, and all legislative appointments shall be approved by the Legislative Research Commission.

Section 3. The task force may form advisory committees of no more than seven persons. These advisory committees may contain representatives of the private sector, but in all cases the membership of an advisory committee shall consist of more task force members than private sector representatives. Advisory committees may study particular areas of interest to the task force, such as universal service, consumer education, reliability, and future regulation. The sole role of an advisory committee shall be to report back to the full task force.

Section 4. Except as provided in KRS 18A.200, members of the task force, shall receive actual travel expenses while attending meetings.

SCR 88, A CONCURRENT RESOLUTION creating a Task Force on Funding for Tourism Development.

WHEREAS, tourism creates jobs and revenue in every county in Kentucky and is the state's third largest industry, with an annual economic impact of $7.2 billion; and

WHEREAS, 144,000 Kentuckians are employed in the tourism industry, in such diversified businesses as hotels, motels, restaurants, car rental firms, groceries, antique stores, service stations, retail shops, airlines, museums, parks, and more; and

WHEREAS, tourism generates $660 million in taxes into the state treasury each year, helping to support other programs, such as education, highways and social services; and an additional $123 million in taxes is contributed to local governments through tourism each year; and

WHEREAS, Kentucky is blessed with natural and man-made attractions that appeal to citizens and visitors alike, and the potential is great for increasing the state's share of the tourism market; and

WHEREAS, tourism expenditures in Kentucky have actually decreased, in spite of this potential, by 2.3% in 1996 after adjustment for inflation, due to a combination of factors, including increased competition from other states, both in new attractions and larger advertising and promotion budgets; and

WHEREAS, advertising and promoting Kentucky for tourism directly impacts tourism spending and resultant state and local tax revenues, and Kentucky's budgeted advertising dollars have not kept pace with surrounding states, and Kentucky is unable to adequately promote the state as a desirable tourism destination; and

WHEREAS, the Kentucky Tourism master Plan for Strategic Development, adopted in 1995, calls for research and study into tourism funding approaches, including an analysis of methods used by other states,

(2) (a) An annual ad valorem tax for state purposes of one and one-half cents ($0.015) upon each one hundred dollars ($100) of value shall be paid upon the following classes of intangible personal properties, when the intangible personal properties have not acquired a taxable situs without this state:

(6) The provisions of subsection (1) of this section notwithstanding, the state tax rate on real property shall be reduced to compensate for any increase in the aggregate assessed value of real property to the extent that the increase exceeds the preceding year's assessment by more than four percent (4%). In any year in which the aggregate assessed value of real property is less than the preceding year, the state rate shall be increased to the extent necessary to produce the approximate amount of revenue that was produced in the preceding year from real property.

(7) By July 1 each year, the cabinet shall compute the state tax rate applicable to real property for the current year in accordance with the provisions of subsection (5) of this section and certify the rate to the county clerks for their use in preparing the tax bills. (8) If the tax rate set by the cabinet as provided in subsection (6) of this section produces more than a four percent (4%) increase in real property tax revenues, the rate shall be adjusted in the succeeding year so that the cumulative total of each year's property tax revenue increase shall not exceed four percent (4%) per year.

(9) The provisions of subsection (6) of this section notwithstanding, the assessed value of unmined coal certified by the cabinet after July 1, 1994, shall not be included with the assessed value of other real property in determining the state real property tax rate. All omitted unmined coal assessments made after July 1, 1994, shall also be excluded from the provisions of subsection (6) of this section. The calculated rate shall, however, be applied to unmined coal property and the state revenue shall be devoted to the program described in KRS 146.550 through 146.570 except that four hundred thousand dollars ($400,000) of the state revenue shall be paid annually to the State Treasury and credited to the Coal Marketing and Export Council for the purpose of public education of coal-related issues.

(10) Effective on or after January 1, 1990, an ad valorem tax for state purposes of five cents ($0.05) upon each one hundred dollars ($100) of value shall be paid upon goods held for sale in the regular course of business and raw materials, which includes distilled spirits and distilled spirits inventory, and in-process materials, which includes distilled spirits and distilled spirits inventory, held for incorporation in finished goods held for sale in the regular course of business.

HB 675, AN ACT relating to sales and use tax and declaring an emergency.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 139.470 is amended to read as follows:

There are excluded from the computation of the amount of taxes imposed by this chapter:

(1) Gross receipts from the sale of, and the storage, use, or other consumption in this state of, tangible personal property the

gross receipts from the sale of which, or the storage, use, or other consumption of which, this state is prohibited from taxing under the Constitution or laws of the United States, or under the Constitution of this state;

(2) Gross receipts from sales of, and the storage, use, or other consumption in this state of:

(a) Nonreturnable and returnable containers when sold without the contents to persons who place the contents in the container and sell the contents together with the container; and

(b) Returnable containers when sold with the contents in connection with a retail sale of the contents or when resold for refilling;

As used in this section the term "returnable containers" means containers of a kind customarily returned by the buyer of the contents for reuse. All other containers are "nonreturnable containers";

(3) Gross receipts from the sale of, and the storage, use, or other consumption in this state of, tangible personal property used for the performance of a lump-sum, fixed-fee contract of public works executed prior to February 5, 1960;

(4) Gross receipts from occasional sales of tangible personal property and the storage, use, or other consumption in this state of tangible personal property, the transfer of which to the purchaser is an occasional sale;

(5) Gross receipts from sales of tangible personal property to a common carrier, shipped by the seller via the purchasing carrier under a bill of lading, whether the freight is paid in advance or the shipment is made freight charges collect, to a point outside this state and the property is actually transported to the out-of-state destination for use by the carrier in the conduct of its business as a common carrier;

(6) Gross receipts from sales of tangible personal property sold through coin-operated bulk vending machines, if the sale amounts to twenty-five cents ($0.25) or less, if the retailer is primarily engaged in making the sales and maintains records satisfactory to the cabinet. As used in this subsection, "bulk vending machine" means a vending machine containing unsorted merchandise which, upon insertion of a coin, dispenses the same in approximately equal portions, at random and without selection by the customer;

(7) Gross receipts from sales to any cabinet, department, bureau, commission, board, or other statutory or constitutional agency of the state and gross receipts from sales to counties, cities, or special districts as defined in KRS 65.005. This exemption shall apply only to purchases of property or services for use solely in the government function. A purchaser not qualifying as a governmental agency or unit shall not be entitled to the exemption even though the purchaser may be the recipient of public funds or grants;

(8) (a) Gross receipts from the sale of sewer services, water, and fuel to Kentucky residents for use in heating, water heating, cooking, lighting, and other residential uses. As used in this subsection, "fuel" shall include, but not be limited to, natural gas, electricity, fuel oil, bottled gas, coal, coke, and wood. Determinations of eligibility for the exemption shall be made by the Revenue Cabinet;

(b) In making the determinations of eligibility, the cabinet shall exempt from taxation all gross receipts derived from sales:

1. Classified as "residential" by a utility company as defined by applicable tariffs filed with and accepted by the Public Service Commission;

2. Classified as "residential" by a municipally-owned electric distributor which purchases its power at wholesale from the Tennessee Valley Authority;

3. Classified as "residential" by the governing body of a municipally-owned electric distributor which does not purchase its power from the Tennessee Valley Authority, if the "residential" classification is reasonably consistent with the definitions of "residential" contained in tariff filings accepted and approved by the Public Service Commission with respect to utilities which are subject to Public Service Commission regulation.

If the service is classified as residential, use other than for "residential" purposes by the customer shall not negate the exemption;

(c) The exemption shall not apply if charges for sewer service, water, and fuel are billed to an owner or operator of a multi-unit residential rental facility or mobile home and recreational vehicle park other than residential classification; and

(d) The exemption shall apply also to residential property which may be held by legal or equitable title, by the entireties, jointly, in common, as a condominium, or indirectly by the stock ownership or membership representing the owner's or member's proprietary interest in a corporation owning a fee or a leasehold initially in excess of ninety-eight (98) years;

(9) Any rate increase for school taxes and any other charges or surcharges added to the total amount of a residential telephone bill;

(10) Gross receipts from sales to an out-of-state agency, organization, or institution exempt from sales and use tax in its state of residence when that agency, organization, or institution gives proof of its tax-exempt status to the seller and the seller

maintains a file of the proof;

(11) Gross receipts derived from the sale of, and the storage, use, or other consumption in this state of, tangible personal property to be used in the manufacturing or industrial processing of tangible personal property which will be for sale are not subject to the sales or use tax. The property shall be regarded as having been purchased for resale. For purposes of this subsection, a manufacturer or industrial processor includes an individual or business entity that performs only part of the manufacturing or industrial processing activity and the person or business entity need not take title to tangible personal property that is incorporated into, or becomes the product of, the activity.

(a) Industrial processing includes refining, extraction of petroleum and natural gas, mining, quarrying, fabricating, and industrial assembling. As defined herein, tangible personal property to be used in the manufacturing or industrial processing of tangible personal property which will be for sale shall mean:

1. Materials which enter into and become an ingredient or component part of the manufactured product.

2. Other tangible personal property which is directly used in manufacturing or industrial processing, if the property has a useful life of less than one (1) year. Specifically these items are categorized as follows:

a. Materials. This refers to the raw materials which become an ingredient or component part of supplies or industrial tools exempt under subdivisions b. and c. below.

b. Supplies. This category includes supplies such as lubricating and compounding oils, grease, machine waste, abrasives, chemicals, solvents, fluxes, anodes, filtering materials, fire brick, catalysts, dyes, refrigerants, explosives, etc. The supplies indicated above need not come in direct contact with a manufactured product to be exempt. "Supplies" does not include repair, replacement, or spare parts of any kind.

c. Industrial tools. This group is limited to hand tools such as jigs, dies, drills, cutters, rolls, reamers, chucks, saws, spray guns, etc., and to tools attached to a machine such as molds, grinding balls, grinding wheels, dies, bits, cutting blades, etc. Normally, for industrial tools to be considered directly used in manufacturing, they shall come into direct contact with the product being manufactured.

3. Materials and supplies that are not reusable in the same manufacturing process at the completion of a single manufacturing cycle, excluding repair, replacement, or spare parts of any kind. A single manufacturing cycle shall be considered to be the period elapsing from the time the raw materials enter into the manufacturing process until the finished product emerges at the end of the manufacturing process.

(b) It shall be noted that in none of the three (3) categories is any exemption provided for repair, replacement, or spare parts. Repair, replacement, or spare parts shall not be considered to be materials, supplies, or industrial tools directly used in manufacturing or industrial processing. "Repair, replacement, or spare parts" shall have the same meaning as set forth in KRS 139.170;~~[and]~~

(12) Any water use fee paid or passed through to the Kentucky River Authority by facilities using water from the Kentucky River basin to the Kentucky River Authority in accordance with KRS 151.700 to 151.730 and administrative regulations promulgated by the authority***; and***

(13) Gross receipts from the sale of newspaper inserts or catalogs purchased for exclusive use, storage, or consumption outside this state and delivered by the seller's own vehicle to a location outside this state, or delivered to the United States Postal Service, a common carrier, or a contract carrier for delivery outside this state, regardless of whether the carrier is selected by the buyer or seller or an agent or representative of the buyer or seller, or whether the F.O.B. is seller's shipping point or buyer's destination.

(a) As used in this subsection:

1. "Catalogs" means printed advertising publications or similar materials that are to be distributed by the purchaser to potential customers;

2. "Common carrier" and "contract carrier" have the same meaning as provided in KRS 281.011; and

3. "Newspaper inserts" means printed materials that are placed in or distributed with a newspaper of general circulation.

(b) The requirement that the purchase of newspaper inserts or catalogs shall be for exclusive use, storage, or consumption outside this state shall not be violated if:

1. Catalogs originally delivered outside the state reenter the state through delivery by the purchaser or the purchaser's agent to customers or potential customers of products sold by the purchaser in Kentucky; or

2. Newspaper inserts originally delivered outside the state reenter the state as a part of a newspaper that is sold or delivered in Kentucky.

(c) The seller shall be responsible for establishing that delivery was made to a non-Kentucky location through

shipping documents or other credible evidence as determined by the cabinet.

Section 2. The amendments included in this Act are intended to clarify existing confusion about the intent of the Legislature with regard to the application of the sales and use tax to the sale of newspaper inserts or catalogs delivered outside this state, and purchased for use, storage, or consumption outside this state.

Section 3. The amendments included in the Act shall be effective for sales made on or after January 1, 1988.

Section 4. Whereas it is of utmost importance that the confusion surrounding this issue be resolved in an expedient manner, an emergency is declared to exist, and this Act takes effect upon its passage and approval by the Governor or upon its otherwise becoming law.

The Committee Substitute to **HB 675** is as follows:

The cabinet may enforce this right by application to the Circuit Court in the county wherein the person is domiciled or has his principal office, or by application to the Franklin Circuit Court, which courts may compel compliance with the orders of the cabinet.

(3) The cabinet shall prescribe the style, and determine and enforce the use or manner of keeping, of all assessment and tax forms and records employed by state and county officials, and may prescribe forms necessary for the administration of any revenue law by the promulgation of an administrative regulation pursuant to KRS Chapter 13A incorporating the forms by reference.

(9) The cabinet may make administrative regulations necessary to establish a system of taxpayer identifying numbers for the purpose of securing proper identification of taxpayers subject to any tax laws or other revenue measure of this state, and may require such taxpayer to place on any return, report, statement, or other document required to be filed, any number assigned pursuant to such administrative regulations.

On or before July 1, 1955, the fiscal court of each county shall establish and maintain a dog pound as a means of facilitating and administration of this chapter. In counties of small population, arrangements may be made for the joint establishment and operation of dog pounds by two (2) or more counties on a mutually satisfactory basis. (b) The dog warden or duly appointed animal control officer shall act as an officer of the court for the enforcement of any orders of the court in their jurisdiction pertaining to subsection (5) of this section.

(6)[~~(5)~~] For his services in such proceedings, the peace officer shall be entitled to the same fees to which he is entitled for performing similar services in civil cases. In all proceedings under this section, such court shall place the costs upon either party as he may determine.

(7)[~~(6)~~] It shall be unlawful for the owner or keeper of any vicious dog after receiving ***an***[~~such~~] order ***under subsection (5) of this section***, to permit such dog to run at large, or to appear on the public highways unless in leash. Section 6. KRS 258.245 is amended to read as follows:

A hound or other hunting dog which has been released from confinement for hunting purposes shall be deemed to be under reasonable control of its owner or handler while engaged in or returning from hunting, and, if such a hunting dog becomes temporarily lost from a pack or wanders from actual control or sight of its owner or handler, such owner or handler shall not be deemed to be in violation of the provisions of this section as a result of such dog's having become temporarily lost or having wandered from immediate control or sight of the owner or handler.

(2) Any peace officer***, dog warden, or animal control officer*** may ***seize or*** destroy any dog found running at large between the hours of sunset and sunrise and unaccompanied and not under the control of owner or handler. However, a peace officer***, dog warden, or animal control officer*** shall be under a duty to make a fair and reasonable effort to determine whether any dog found at large between sunset and sunrise is a hound or other hunting dog which has become lost temporarily from a pack or wandered from immediate control of its owner, or handler, and if he is reasonably sure that the dog is a hunting dog, then he shall not destroy the dog, unless it is found in the act of pursuing, worrying, or wounding livestock or wounding, killing poultry or attacking human beings.

The destroying of such dogs shall not remove the liability of the owner for such damage done by his dog. Upon failure of such owner to comply with such order within a period of ten (10) days, any peace officer, ***dog warden, or animal control officer,*** upon notice from the department, shall destroy such dog wherever found. For such service***, a peace officer***~~[he]~~ shall be entitled to a fee of one dollar ($1.00) for each dog destroyed, to be paid out of the livestock fund upon presentation to the department of satisfactory proof that such dog has been destroyed by him.

Upon receipt of such petition, the department may, through its authorized agents, have an investigation made of the facts alleged therein, and, if convinced that conditions in such city, county, or such designated area demand such stringent measures, may establish a dog quarantine therein.

(2) When such a quarantine is established, at least ten (10) notices thereof shall be posted throughout the area affected thereby, and notice thereof shall also be published pursuant to KRS chapter 424, in the city, or county.

(3) It shall be unlawful for any person, residing in the area affected by such quarantine, to permit a dog owned or harbored by him to run at large in such quarantined area, or to leave the premises where it is kept, unless accompanied by and under the control of the owner or handler.

(4) Any peace officer***, dog warden, or animal control officer*** may destroy any dog running at large in a quarantined area, in violation of such quarantine, without any liability for such destruction.

(2) The owner of any dog not vaccinated according to the provisions of this chapter shall be liable to pay all damages for personal injuries resulting from the bite of such dog, if rabid.

(3) ***(a)*** Any person violating or failing or refusing to comply with KRS 258.095 to 258.365 and subsections (3) and (4) of this section***, except subsection (5)(a) of Section 5 of this Act,*** shall, upon conviction, be fined not less than five dollars ($5) and not more than one hundred dollars ($100) or be imprisoned for not less than five (5) nor more than sixty (60) days or both so fined and imprisoned.

(4) All fines collected under subsection (3) of this section shall after costs and commissions have been deducted, be paid to the department to be credited to the livestock fund.

Section 12. KRS 258.135 is amended to read as follows:

(1) On or before July 1, 1954, and on or before July 1 of each year thereafter, the owner of any dog six (6) months old or over shall apply to the dog warden of the county in which he resides for a license for each dog owned or kept by him. The application shall be accompanied by a license fee of one dollar and fifty cents ($1.50) for each dog. Any license issued for the year of 1954 before July 1, 1954, shall be effective until July 1, 1955. Dog wardens shall be agents of the Commonwealth in the collection of the license fees provided for herein, unless the department determines, with the approval of the Governor, to issue all licenses either directly or through other agents. The balance of the license fee collected shall be paid to the department on or before the fifteenth day of each next succeeding

month and shall be credited to the livestock fund. If the committee finds it to be in the interest of maximum enforcement of this chapter to permit certain other portions of the license fee to be retained by the respective counties for use in enforcement, the department may allow these portions of the license fee to be so retained by the counties.

(2) Any county may choose to issue ***additional licenses***~~[the license]~~ in conjunction with effective dates of a valid rabies vaccination, provided the dog shall be licensed each fiscal year.

Upon failure of such owner to comply with such order within a period of ten (10) days, any peace officer, ***dog warden, or animal control officer,*** upon notice from the department, shall destroy such dog wherever found. For such service***, a peace officer***[~~he~~] shall be entitled to a fee of one dollar ($1.00) for each dog destroyed, to be paid out of the livestock fund upon presentation to the department of satisfactory proof that such dog has been destroyed by him.

(2) Any person who owns or harbors an unlicensed dog shall forfeit any right to be reimbursed out of the livestock fund for any damage to his livestock or poultry by dogs.

Section 10. KRS 258.345 is amended to read as follows:

(1) When the inhabitants of any city, or county, or any part thereof, have suffered an excessive amount of damage to livestock or poultry or domestic game birds by dogs, a petition may be presented to the commissioner, signed by twenty (20) or more of such inhabitants who are owners of livestock or poultry, alleging such excessive damage and requesting that a quarantine be placed on all dogs within the limits of such city, or county, or such part thereof. Upon receipt of such petition, the department may, through its authorized agents, have an investigation made of the facts alleged therein, and, if convinced that conditions in such city, county, or such designated area demand such stringent measures, may establish a dog quarantine therein.

(2) When such a quarantine is established, at least ten (10) notices thereof shall be posted throughout the area affected thereby, and notice thereof shall also be published pursuant to KRS chapter 424, in the city, or county.

(3) It shall be unlawful for any person, residing in the area affected by such quarantine, to permit a dog owned or harbored by him to run at large in such quarantined area, or to leave the premises where it is kept, unless accompanied by and under the control of the owner or handler. ***A hound or other hunting dog which has been released from confinement for hunting purposes shall be deemed to be under control of its owner or handler while engaged in or returning from hunting, and if that hunting dog becomes temporarily lost from a pack or wanders from actual control or sight of its***

owner or handler, the owner or handler shall not be deemed to be in violation of the provisions of this section as a result of the dog's having become temporarily lost or having wandered from immediate control or sight of the owner or handler.

(4) Any peace officer***, dog warden, or animal control officer*** may destroy any dog running at large in a quarantined area, ***not accompanied by or under control of its owner, and*** in violation of such quarantine, without any liability for such destruction.

Section 11. KRS 258.990 is amended to read as follows:

(1) Any person who violates KRS 258.015, 258.035, 258.055, 258.065 or 258.085, shall be fined not less than ten dollars ($10) nor more than one hundred dollars ($100). Each day of violation shall constitute a separate offense.

(2) The owner of any dog not vaccinated according to the provisions of this chapter shall be liable to pay all damages for personal injuries resulting from the bite of such dog, if rabid.

(3) ***(a)*** Any person violating or failing or refusing to comply with KRS 258.095 to 258.365 and subsections (3) and (4) of this section***, except subsection (5)(a) of Section 5 of this Act,*** shall, upon conviction, be fined not less than five dollars ($5) and not more than one hundred dollars ($100) or be imprisoned for not less than five (5) nor more than sixty (60) days or both so fined and imprisoned.

(b) Any person violating subsection (5)(a) of Section 5 of this Act shall be punished by a fine of not less than fifty dollars ($50) nor more than two hundred dollars ($200), or by imprisonment in the county jail for not less than ten (10) nor more than sixty (60) days, or by both fine and imprisonment.

(4) All fines collected under subsection (3) of this section shall after costs and commissions have been deducted, be paid to the department to be credited to the livestock fund.

Section 12. KRS 258.135 is amended to read as follows:

(1) On or before July 1, 1954, and on or before July 1 of each year thereafter, the owner of any dog six (6) months old or over shall apply to the dog warden of the county in which he resides for a license for each dog owned or kept by him. The application shall be accompanied by a license fee of one dollar and fifty cents ($1.50) for each dog. Any license issued for the year of 1954 before July 1, 1954, shall be effective until July 1, 1955. Dog wardens shall be agents of the Commonwealth in the collection of the license fees provided for herein, unless the department determines, with the approval of the Governor, to issue all licenses either directly or through other agents. For services rendered in collecting and paying over the fee, dog wardens shall be allowed to retain the sum of twenty-five cents ($0.25) for each license. The balance of the license fee collected shall be paid to the department on or before the fifteenth day of each next succeeding month and shall be credited to the livestock fund. If the committee finds it to be in the interest of maximum enforcement of this chapter to permit certain other portions of the license fee to be retained by the respective counties for use in enforcement, the department may allow these portions of the license fee to be so retained by the counties.

(2) Any county may choose to issue ***additional licenses***[~~the license~~] in conjunction with effective dates of a valid rabies vaccination, provided the dog shall be licensed each fiscal year.

Section 2. KRS 258.165 is amended to read as follows:

(1) Any person who keeps or operates a kennel may, in lieu of the license for each dog required by KRS 258.135, apply to the dog warden for a kennel license entitling him to keep or operate a kennel. ***The***[~~Such~~] application shall be accompanied by a license fee of ten dollars ($10) for each license to keep ten (10) dogs or less and fifteen dollars ($15) for each license to keep more than ten (10) dogs. ***The***[~~Such~~] license fees shall be collected, paid to the department, and credited to the livestock fund in the same manner as the regular dog license fees.

(2) A kennel license shall be issued on a form prescribed and supplied by the department.

(5) No county or municipality shall enact any ordinance that uses an arbitrary number to limit how many dogs can be owned and kept by a noncommercial kennel. No arbitrary number of dogs shall be used to designate a noncommercial kennel as a commercial kennel. Any local requirements currently in effect as of the effective date of this Act that arbitrarily limit the number of dogs that may be owned and kept by a noncommercial kennel shall be void. Nothing in this section shall be construed to prohibit a county or municipality from enacting reasonable regulations governing the health, safety, or noise standards of noncommercial kennels. This section shall not be construed to preempt or prohibit private developers or landowners from establishing and enforcing private covenants or other private land use regulations in any zoning area or subdivision of any municipality, county, or other political subdivision.

CAPITAL PROJECTS BUDGET PROVISIONS

1. All appropriations to existing line-item capital construction projects expire on June 30, 1998, unless reauthorized in this Act with the following exceptions: (1) a construction contract for the project shall have been awarded by June 30, 1998; (2) permanent financing or a short-term line of credit sufficient to cover the total authorized project scope shall have been obtained in the case of projects authorized for bonds; (3) grant or loan agreements, if applicable, have been finalized and properly signed by all necessary parties. Notwithstanding the criteria set forth in this section, the disposition of 1996-98 appropriated major maintenance pools shall remain subject to the provisions of KRS 45.770(4)(c) and (d). Purchases of major items of equipment require reauthorization if a purchase order has not been executed by June 30, 1998.

2. Bond projects authorized for the first time in this section which have debt service supported by state General Fund appropriations are authorized in the first year of the biennium so that preliminary work on the projects may proceed. However, debt service has been included beginning in fiscal year 1999-2000. Therefore, the sale of any permanent bonds to finance these projects shall occur after January 1, 1999.

3. If any authorized capital construction or major equipment projects are canceled, any General Fund appropriated debt service for those same projects shall lapse to the credit of the General Fund.

4. Investment income earned from bond proceeds beyond that which is required to satisfy Internal Revenue Service arbitrage rebates and penalties may be used to pay debt service according to the Internal Revenue Service Code and accompanying regulations. Notwithstanding the provisions of KRS 48.720, KRS 48.010, or any section of this Act, any General Fund appropriation for the payment of debt service that may become excess as a direct result of the application of investment income earned on bond proceeds to debt service payments shall be transferred to the Deferred Maintenance Pool account. Unneeded debt service resulting due to any other circumstance shall lapse in accordance with KRS 48.720, KRS 48.010, and other provisions of this Act.

5. Investment income earned from funds credited to the Technology Trust Fund account in the Finance and Administration Cabinet shall accrue to the Capital Construction Investment Income account effective July 1, 1998.

6. The Council on Postsecondary Education subheading in this Part includes a project entitled "Agency Bond Pool." For the Agency Bond Pool, $35,000,000 in projects is authorized to be funded from Restricted Funds-supported bonds. This pool provides funding for individual projects to be recommended by the Council on Postsecondary Education to the Secretary of the Finance and Administration Cabinet from the project listings previously identified and recommended by the Council for funding in the 1998-2000 biennium.

The provisions of KRS 45.750 to 45.816 notwithstanding, capital construction projects at institutions of higher education involving no state or federal funds may be authorized between regular sessions of the General Assembly if the projects receive prior approval from both the Council on Postsecondary Education and the Secretary of the Finance and Administration Cabinet, and the Capital Projects and Bond Oversight Committee receives prior notification.

7. Before any economic development bonds are issued, the proposed bond issue shall be approved by the Secretary of the Finance and Administration Cabinet and the State Property and Buildings Commission under the provisions of KRS 56.440 to 56.590. In addition to the terms and conditions of KRS 154.12-100, administration of the Economic Development Bond program by the Secretary of the Cabinet for Economic Development is subject to the following guideline: project selection shall be documented when presented to the Secretary of the Finance and Administration Cabinet. Included in the documentation shall be the rationale for selection and expected economic development impact.

8. Inasmuch as the identification of specific projects in a variety of areas of the state government cannot be ascertained with absolute certainty at this time, amounts are appropriated for specific purposes to projects which are not

individually identified in this Act in the following areas: Repair of State-Owned Dams, Land Acquisition, Economic Development projects, Infrastructure projects, Asbestos Abatement projects, Technology Trust Fund projects, systems, and initiatives authorized in Part X of this Act, and the Council on Postsecondary Education Agency Bond Pool. Any projects estimated to cost over $400,000 and equipment estimated to cost over $100,000 shall be reported to the Capital Projects and Bond Oversight Committee. All moneys transferred to the Finance and Administration Cabinet for capital construction from any appropriations, including income from investments, shall be expended, accounted for, and otherwise treated in the same manner as funds appropriated directly to the Finance and Administration Cabinet for capital construction.

PART III

GENERAL PROVISIONS

1. Restricted Funds designated in the biennial budget bills are classified in the state financial records and reports as the Agency Revenue Funds, State Enterprise Funds (State Parks, State Fair Board, Industries for the Blind, Insurance Administration, and Kentucky Horse Park), Internal Services Funds (Computer Services, Central Stores, Telecommunications, Prison Industries, Central Printing, Risk Management and Property Management) and selected Fiduciary Funds (Unemployment Compensation and Other Expendable Trust). Separate funds records and reports shall be maintained in a manner consistent with the branch budget bills.

The sources of Restricted Funds appropriations in this Act shall include all fees (which include fees for board and room, athletics, and student activities) and rentals, admittances, sales, bond proceeds, licenses collected by law, gifts, subventions, contributions, income from investments, and other miscellaneous receipts produced or received by a budget unit, except as otherwise specifically provided, for the purposes, use and benefit of the budget unit as authorized by law. Restricted Funds receipts shall be credited and allotted to the respective fund or account out of which a specified appropriation is made in this Act. All receipts of Restricted Funds shall be deposited in the State Treasury and credited to the proper account as provided in KRS Chapters 12, 42, 45, and 48.

The sources of Federal Funds appropriations in this Act shall include federal subventions, grants, contracts or other Federal Funds received, income from investments and other miscellaneous federal receipts received by a budget unit, except as otherwise provided, for the purposes, use and benefit of the budget unit as authorized by law. Federal Funds receipts shall be credited and allotted to the respective fund account out of which a specified appropriation is made in this Act. All Federal Funds receipts shall be deposited in the State Treasury and credited to the proper account as provided in KRS Chapters 12, 42, 45, and 48.

2. If receipts received or credited to the Restricted Funds accounts or Federal Funds accounts of a budget unit during fiscal year 1998-99 or fiscal year 1999-2000, and any balance forwarded to the credit of these same accounts from the previous fiscal year, exceed the appropriation made by specific sum for these accounts of the budget unit as provided in Part I, Operating Budget, of this Act for the fiscal year in which the excess occurs, the excess funds in the accounts of the budget unit shall become available for expenditure for the purpose of the account during the fiscal year only upon compliance with the conditions and procedures specified in KRS 48.400 to 48.800 and this Act, and with the authorization of the State Budget Director of the Governor's Office for Policy and Management and approval of the Secretary of the Finance and Administration Cabinet.

3. Except as otherwise provided in this Act, a budget unit may requisition for expenditure from its Restricted Funds accounts or Federal Funds accounts, through the Finance and Administration Cabinet, during the fiscal year ending June 30, 1999, and during the fiscal year ending June 30, 2000, all receipts placed to the credit of its funds accounts in each respective year, in addition to any balance which the budget unit may have had forwarded from the preceding year on or before August 31, of the then current fiscal year, by the Finance and Administration Cabinet.

On or before the beginning of each fiscal year, and, if applicable, during each fiscal year, each budget unit shall document and submit to the Finance and Administration Cabinet, the Governor's Office for Policy and Management, and the Legislative Research Commission a record of Restricted Funds and Federal Funds for each budget unit showing the most current estimates of receipts by sources and expenditures by uses, a comparative statement of any revised estimated receipts and proposed expenditures with appropriation sums specified in the enacted Budget of the Commonwealth, and statements which explain the cause, source, and use for a variance which may exist.

4. Funds appropriated in this Act shall not be expended for any purpose not specifically authorized by the General Assembly in this Act nor shall funds appropriated in this Act be transferred to or between any cabinet, department, board, commission, institution, agency, or budget unit of state government unless specifically authorized by the General Assembly in this Act and the provisions of KRS 48.400 to 48.800. Compliance with the provisions of this subsection shall be reviewed and determined by the Interim Joint Committee on Appropriations and Revenue.

5. No state agency, cabinet, department, office, or program shall incur any obligation against the General Fund or Road Fund appropriations contained in this Act unless the obligation may be reasonably determined to have been contemplated in the enacted budget and is based upon supporting documentation considered by the General Assembly, legislative and executive records, and the statutory budget memorandum.

6. Any General Fund or Road Fund appropriation made in anticipation of a lack, loss, or reduction of Federal Funds shall lapse to the General Fund or Road Fund Surplus Account respectively to the extent the Federal Funds otherwise become

available.

7. A state agency entitled to Federal Funds which would represent one hundred percent (100%) of the cost of a program shall conform to KRS 48.730.

8. Pursuant to KRS 48.720, any excess General Fund or Road Fund debt service shall lapse to the respective surplus account.

9. No appropriation from any fund source shall exceed the sum specified in this Act until the agency has documented the necessity, purpose, use, and source, and the documentation has been submitted to the Interim Joint Committee on Appropriations and Revenue for its review and action in accordance with KRS 48.630. Proposed revisions to an appropriation contained in the enacted State/Executive Budget or allotment of an unbudgeted appropriation shall conform to the conditions and procedures of KRS 48.630 and this Act.

10. Allotments within appropriated sums for the activities and purposes contained in the enacted State/Executive Budget shall conform to KRS 48.610 and may be revised pursuant to KRS 48.605 and this Act.

11. All statutory continuing appropriations in existence at the time this Act takes effect are discontinued and suspended by this Act except as provided by Chapters 42, 96A, 164, 183, 278, and 441 of the Kentucky Revised Statutes. All statutes and portions of statutes in conflict with any of the provisions of this Section, to the extent of the conflict, are suspended, unless otherwise provided by this Act.

12. Except as otherwise explicitly authorized by this Act, nothing in this Act shall be construed to repeal any appropriation made herebefore or hereafter for the fiscal year ending June 30, 1998, and nothing in this Act is to be construed as amending or altering the provisions of Chapters 42, 45, and 48 of the Kentucky Revised Statutes pertaining to the duties and powers of the Secretary of the Finance and Administration Cabinet except as otherwise provided in this Act.

13. All questions that arise in interpreting any appropriation in this Act as to the purpose or manner for which the appropriation may be expended shall be decided by the Secretary of the Finance and Administration Cabinet pursuant to KRS 48.500, and the decision of the Secretary of the Finance and Administration Cabinet shall be final and conclusive.

14. The Secretary of the Finance and Administration Cabinet shall cause the Governor's Office for Policy and Management, within sixty (60) days upon adjournment of the 1998 Regular Session of the General Assembly, to publish a final enacted budget document, styled the Budget of the Commonwealth, based upon the recommended State/Executive Budget, Judicial Budget and Legislative Budget as enacted by the 1998 Regular Session of the General Assembly as well as other Acts which contain appropriation provisions for the 1998-2000 biennium, and based upon supporting documentation and legislative records as considered by the 1998 Regular Session of the General Assembly and the statutory budget memorandum. This document shall include for each agency and budget unit a consolidated budget summary statement of available regular and continuing appropriated revenue by fund source, corresponding appropriation allocations by program or subprogram as appropriate, budget expenditures by principal budget class and for the State/Executive Budget, any other fiscal data and commentary considered necessary for budget execution by the Governor's Office for Policy and Management and oversight by the Interim Joint Committee on Appropriations and Revenue. The enacted State/Executive Budget shall be revised or adjusted only upon approval by the Governor's Office for Policy and Management as provided in each part of this Act and by KRS 48.400 to 48.800, and upon review and action by the Interim Joint Committee on Appropriations and Revenue.

15. Pursuant to KRS 48.400, the Secretary of the Finance and Administration Cabinet shall monitor and report on the financial condition of the Commonwealth.

16. The Secretary of the Finance and Administration Cabinet is authorized to establish a system or formula or a combination of both for prorating the administrative costs of the Finance and Administration Cabinet, the Department of Treasury, and the Office of the Attorney General relative to the administration of programs in which there is joint participation by the state and federal governments for the purpose of receiving the maximum amount of participation permitted under the appropriate federal laws and regulations governing the programs. The receipts and allotments under this section shall be reported to the Interim Joint Committee on Appropriations and Revenue prior to any transfer of funds.

17. The Secretary of the Transportation Cabinet shall use Road Fund resources to meet the lease rental payments to the Kentucky Turnpike Authority for Resource Recovery Road projects in the amount certified by the Secretary of the Transportation Cabinet. However, if Road Fund resources are not sufficient to meet lease rental payments, the additional amount required for meeting lease rental payments as certified by the Secretary of the Transportation Cabinet under KRS 143.090 shall be transferred from coal severance tax receipts to meet the obligation.

18. Nothing in this Act shall be construed to confirm or ratify, under KRS 12.027 or 12.028, any executive reorganization order unless the executive order was confirmed or ratified by appropriate amendment to the Kentucky Revised Statutes in another Act of the 1998 Regular Session of the General Assembly. If any executive reorganization order issued from sine die adjournment of the 1996 Regular Session to sine die adjournment of the 1998 Regular Session is not confirmed by the 1998 Regular Session of the General Assembly, the Secretary of the Finance and Administration Cabinet shall, in consultation with agency heads and with notification to the Legislative Research Commission, transfer the balance of funds for any affected program or function for fiscal year 1997-98 and any related appropriations and funds for each of the next two fiscal years from the budget unit in which the program or function was placed by the executive reorganization order to the budget unit in which

the program or function resided prior to the reorganization action or in which it was placed by action of the 1998 Regular Session of the General Assembly. The Legislative Research Commission shall forward the documentation to the appropriate committees.

19. Notwithstanding KRS 48.705(2), there shall be no General Fund surplus revenue receipts or unexpended balances of appropriations deposited in the budget reserve trust fund account for fiscal year 1998-99 or fiscal year 1999-2000 except as otherwise provided in this Act. Existing funds in the account in an amount specified in this Act may be used as provided otherwise in this Act or as designated in Part VI, General Fund Budget Reduction Plan, if General Fund receipts during fiscal year 1998-99 or fiscal year 1999-2000 are not sufficient to meet the level of General Fund appropriations included in biennial budget bills or any enactment by the 1998 General Assembly which contains an appropriation provision.

20. Notwithstanding KRS 61.565, the employer contribution rate for the Kentucky Employees Retirement System from July 1, 1998, through June 30, 2000, shall be no more than 8.03 percent for non-hazardous duty employees and 18.66 percent for hazardous duty employees; for the same period, the employer contribution for employees of the State Police Retirement System shall be no more than 23.41 percent.

21. By August 15, 1999, the Finance and Administration Cabinet, in conjunction with the Consensus Forecast Group, shall provide to each branch of government, pursuant to KRS 48.117, a budget planning report.

22. By October 15, 1999, the Finance and Administration Cabinet shall provide to each branch of government detailed estimates for the General Fund and Road Fund for the current and next two fiscal years of the revenue loss effected by tax expenditures. The Revenue Cabinet shall provide assistance and furnish data which is not restricted by KRS 131.190. "Tax expenditure" means an exemption, exclusion, or deduction from the base of a tax, a credit against the tax, a deferral of a tax, or a preferential tax rate. The estimates shall include for each tax expenditure the amount of revenue loss, a citation of the legal authority for the tax expenditure, the year in which it was enacted, and the tax year in which it became effective.

23. Any appropriation item and sum in this Act and in an appropriation provision in another act of the 1998 Regular Session which constitute a duplicate appropriation shall be governed by KRS 48.312.

24. KRS 48.313 shall control when a total or subtotal figure in this Act conflicts with the sum of the appropriations of which it consists.

25. Appropriation items and sums in this Act conform to KRS 48.311. If any section, any subsection, or any provision is found by a court of competent jurisdiction in a final, unappealable order to be invalid or unconstitutional, the decision of the courts shall not affect or impair any of the remaining sections, subsections, or provisions.

26. It is the intent of the General Assembly that the Executive Branch implement actions necessary to achieve cost savings as intended, authorized, and directed by the 1996 Kentucky Acts, Chapter 380, Part X, by authorizing the Executive Branch the authority, within the limitations provided for in this Act, to transfer General Fund appropriation amounts related to Technology Trust Fund savings from one budget unit to another budget unit solely within the Cabinets for Families and Children, Finance and Administration, Health Services, Justice, Natural Resources and Environmental Protection, Workforce Development, and the Department of Education. Any transfer of General Fund appropriation amounts related to Technology Trust Fund savings from one budget unit to another budget unit shall be made only within each specified Cabinet and the Department of Education and shall be limited to the General Fund cost savings amounts identified in the 1998-2000 Executive Branch budget recommendation and executive records. The Secretary of any of the specified cabinets and the Commissioner of the Department of Education may submit requests to the State Budget Director of the Governor's Office for Policy and Management for the transfer of General Fund appropriation authority. Such requests shall specify the need for the transfer of General Fund appropriation authority and the manner in which such a transfer would better achieve the General Fund cost savings. Any transfers made under this provision for any of the cabinets identified above or the Department of Education shall result in no change to the total value of the General Fund cost savings amounts as identified in the 1998-2000 Executive Branch budget recommendation and executive records for the individual cabinets specified above or the Department of Education. Any transfer made under this provision shall be made pursuant to KRS 48.500 and shall be reported, in writing, to the Interim Joint Committee on Appropriations and Revenue.

27. It is the intent of the General Assembly that the Secretary of the Finance and Administration Cabinet, the Secretary of the Governor's Executive Cabinet, and the State Budget Director of the Governor's Office for Policy and Management shall implement actions for the Executive Branch necessary to achieve the General Fund cost savings intended and authorized by the 1996 Kentucky Acts, Chapter 380, Part X. Direct services, obligations essential to the minimum level of constitutional functions, and other items that may be specified in this Act, are exempt from the requirements of this Plan. No budget revision action shall be taken by a branch head in excess of the actual or projected deficit.

The Governor, the Chief Justice, and the Legislative Research Commission shall direct and implement reductions in allotments and appropriations only for their respective branch budget units as may be necessary as well as take other measures which shall be consistent with the provisions of this Part and general branch budget bills.

In the event of a revenue shortfall under the provisions of KRS 48.120, General Fund budget reduction actions shall be implemented in the following sequence:

(1) The Local Government Economic Assistance and the Local Government Economic Development Funds shall be adjusted by the Secretary of the Finance and Administration Cabinet to equal revised estimates of receipts pursuant to KRS 42.4582 as modified by the provisions of this Act.

(2) Unappropriated funds available in the General Fund Surplus Account established in KRS 48.700 shall be applied toward the revenue shortfall.

The branch heads shall certify the available amounts which shall be applied to budget units within the respective branches and shall promptly transmit the certification to the Secretary of the Finance and Administration Cabinet and the Legislative Research Commission. The Secretary of the Finance and Administration Cabinet shall execute the certified actions as transmitted by the branch heads.

Branch heads shall take care, by their respective actions, to protect, preserve, and advance the fundamental health, safety, legal and social welfare, and educational well-being of the citizens of the Commonwealth.

(6) Funds available in the Budget Reserve Trust Fund shall be applied in an amount not to exceed twenty-five percent (25%) of the trust fund balance in fiscal year 1998-99 and fifty percent (50%) of the trust fund balance in fiscal year 1999-2000.

(7) If the actions contained in subsections (1) through (6) of this section are insufficient to eliminate the revenue

shortfall up to five percent (5%) of the enacted General Fund revenue receipts, then the Governor is empowered and directed to take necessary actions with respect to the Executive Branch budget units to balance the budget by such actions conforming with the criteria expressed in the preceding subsection and subject to the limit imposed under KRS 48.130 and 48.600.

PART VII

This Road Fund Surplus Expenditure Plan provides for additional moneys for nonrecurring expenditures for which an appropriation was not made in this Act, or for a program or service authorized by law for which an appropriation was not made or which program was not fully funded.

The Secretary of the Finance and Administration Cabinet shall determine, after the close of fiscal year 1997-98 and fiscal year 1998-99, based on the official financial records of the Commonwealth, and in accordance with KRS 48.120, the amount of excess Road Fund tax receipts available for expenditure through this Road Fund Surplus Expenditure Plan. The amount of excess receipts available shall be determined after all allocations required by statutory Road Fund revenue sharing programs have been adjusted pursuant to the applicable statutes. The Secretary of the Finance and Administration Cabinet shall communicate this information to the Secretary of the Transportation Cabinet in a timely manner.

The Secretary of the Transportation Cabinet is authorized to expend these excess tax receipts up to the amount reported by the Secretary of the Finance and Administration Cabinet for the following purposes and in the following sequence: (1) If budgeted funds for state match are insufficient to fully match all available Federal Funds, excess Road Fund receipts are appropriated to match all additional Federal Funds which the state may be entitled to receive; and 2) all remaining excess receipts are appropriated to the State Construction program.

PART X

GENERAL FUND SURPLUS EXPENDITURE PLAN

1. Pursuant to KRS 48.140, there is established a plan for the expenditure of General Fund surplus moneys pursuant to a General Fund Surplus Plan not to exceed a total of $500,000,000 for fiscal years 1998-99 and 1999-2000 notwithstanding the provisions of KRS 48.140(1) and (2). Pursuant to the enactment of the Surplus Expenditure Plan, General Fund moneys in the General Fund undesignated fund balance (General Fund Surplus Account) are appropriated to the following: the Budget Reserve Trust Fund established in KRS 48.705; a State Technology Projects Fund, as established in this Part of this Act; a School Technology Projects Fund as established in this Part of this Act; and a Statewide Infrastructure Fund as established in this Part of this Act. Collectively, these four funds comprise the General Fund Surplus Expenditure Plan for fiscal years 1998-99 and 1999-2000.

2. The General Fund amount appropriated to the Surplus Expenditure Plan from the undesignated fund balance in the General Fund at the close of fiscal year 1997-98 and fiscal year 1998-99 respectively shall not exceed a total of $500,000,000 for fiscal years 1998-99 and 1999-2000 combined. In the event that the undesignated fund balance in the General Fund at the close of fiscal year 1997-98 and at the close of fiscal year 1998-99 totals less than $500,000,000, the amount available for appropriation for fiscal year 1998-99 and for fiscal year 1999-2000 pursuant to this section shall be the total undesignated fund balance amount at June 30, 1998, and at June 30, 1999, for the respective years. These amounts are hereby appropriated in fiscal year 1998-99 and in fiscal year 1999-2000, and shall be allocated in the following manner: 20.00 percent to the Budget Reserve Trust Fund, not to exceed $100,000,000; 17.36 percent to the State Technology Projects Fund, not to exceed $86,800,000; 17.46 percent to the School Technology Projects Fund, not to exceed $87,300,000; and 45.18 percent to the Statewide Infrastructure Fund, not to exceed $225,900,000.

3. The Secretary of the Finance and Administration Cabinet shall determine, within thirty (30) days after the close of fiscal year 1997-98, and the close of fiscal year 1998-99, based on the official financial records of the Commonwealth, the amount of actual General Fund undesignated fund balance for the General Fund Surplus Account that may be available for expenditure pursuant to the Plan respectively in fiscal year 1998-99 and fiscal year 1999-2000.

The Secretary of the Finance and Administration Cabinet shall certify the amount of actual General Fund undesignated fund balance available for expenditure to the Legislative Research Commission.

Subsequent to June 30, 1998, funds that are certified as being available in the actual General Fund undesignated fund balance for the General Fund Surplus Account are appropriated for expenditure in fiscal year 1998-99 pursuant to the Plan.

Each Fund identified as part of the General Fund Surplus Expenditure Plan in this Part of this Act shall be appropriated its discrete percentage share of the total undesignated fund balance enumerated above. Project amounts are hereby appropriated in priority rank order for the individual funds set out above in this Part of this Act. Notwithstanding KRS 45.229, any funds appropriated pursuant to this Part of this Act in fiscal year 1998-99 shall not lapse, but shall carry forward and remain appropriated in fiscal year 1999-2000 in order to effectuate the terms of this Act.

4. To the extent that projects are enumerated in the priority ranking and sufficient General Fund moneys are not certified to be available for expenditure and appropriation in fiscal year 1998-99, the remaining projects in the same priority order set forth in this Part are appropriated from the actual General Fund undesignated fund balance for the General Fund Surplus Account effective July 1, 1999, for fiscal year 1999-2000.

5. Individual project priority rankings have been established within each of the four funds enumerated. Appropriations are hereby approved in the priority rank order for the projects listed within each fund enumerated below:

	GRAND TOTAL	500,000,000

6. Notwithstanding KRS 48.140 and the provisions of Part X 1. to 5. above, if the total undesignated fund balance in the General Fund in fiscal year 1997-98 and 1998-99 respectively exceeds $500,000,000, there is appropriated in fiscal year 1999-2000 to the Budget Reserve Trust Fund an amount, in addition to the $100,000,000 above appropriation, that enables the Budget Reserve Trust Fund to contain a fund balance up to five percent (5%) of the actual General Fund revenue in fiscal year 1998-99.

The Technology Trust Fund identified in Part X 5. II. 4. above is the Technology Trust Fund established by the 1996 Kentucky Acts, Chapter 380, Part X, to empower Kentucky state government through technology and redesigned business systems. The following provisions apply to that Technology Trust Fund and any additional amounts made available and appropriated to it in this Part of this Act. It is separate and distinct from the new State Technology Projects Fund as established for the first time in this Part of this Act.

7. The General Assembly has determined that the following provisions shall apply to all General Fund appropriations in this Act to the Technology Trust Fund originally authorized and appropriated by the 1996 Kentucky Acts, Chapter 380, Part X.

a. The provisions of KRS 45.750 to 45.800; KRS 48.010(7), (9), (13)(c), (14)(a), 14(d), and 14(e); KRS 48.110(6); and KRS 48.190 notwithstanding, the Secretary of the Governor's Executive Cabinet is authorized to identify and select individual projects, initiatives, and systems necessary to improve service delivery at reduced costs through the use of technology. These provisions and this General Assembly determination to temporarily suspend or supersede any statute to the contrary are authorized in order to accomplish the public purpose of improving public service delivery at less public cost.

b. The provisions of KRS 45.750 to 45.800; KRS 48.010(7), (9), (13)(c), (14)(a), 14(d), and 14(e); KRS 48.110(6); and KRS 48.190 notwithstanding, in selecting projects eligible for expenditure from the appropriations provided, the Secretary shall rely upon the following standards and guidelines: 1) the foremost criteria for individual project or process selection shall be demonstrable cost savings on a recurring basis through the employment of technology and training which would improve service delivery; 2) appropriations made to the Technology Trust Fund can be applied and directed to both the operating and capital budget of affected agencies; 3) the decision-making and priority setting responsibilities for allocating these funds are vested in the Secretary of the Governor's Executive Cabinet, upon advice and consultation from the Redesign Steering Committee comprised of both Executive Branch and General Assembly members, and upon official authorization of the Secretary of the Finance and Administration Cabinet; 4) eligible projects, initiatives, and systems that receive Technology Trust Fund support may be selected from agency budget requests or the budget document and supportive workpapers developed in support of this Act. However, projects, initiatives, and systems so selected are not exclusively confined to the lists, requests, and plans just enumerated and may be developed by the Redesign Steering Committee cited above; 5) quarterly reports will be required to be made to the Legislative Research Commission and its committees to ensure proper oversight and accountability; 6) each individual system or initiative developed and supported from appropriations made available through the Technology Trust Fund established in this Act shall employ technology that is compatible with the information systems technology used by the General Assembly and Legislative Research Commission.

8. Appropriations allotted from the Technology Trust Fund for each project, initiative, or system, as well as all other associated resources made available from regular appropriations for the same purpose from a budget unit shall be transferred and credited to, and accounted for and expended from a discrete account established for the individual project, initiative, or system item in the Operating Budget and the Capital Budget.

9. In addition to the General Fund appropriations in this Part for the Technology Trust Fund, Restricted Funds, Federal Funds, the Road Fund, private funds, and any matching fund appropriations required are appropriated in support of the projects and priorities identified by the Redesign Steering Committee. However, KRS 45.760(14), 45.770, 45.780, and 45.800 notwithstanding, no funds from the emergency repair, maintenance and replacement account or the capital construction and equipment purchase contingency account shall be used for Technology Trust Fund projects, systems, or initiatives.

10. Figures for amounts in all determinations, authorizations, and appropriations under the Plan shall be rounded to the lower hundredth dollar.

11. Notwithstanding KRS 45.229, appropriations from the General Fund for the projects, systems, and initiatives identified and authorized as part of the Plan shall be continued appropriations and not lapse to the General Fund. Appropriations made to components of the Plan in fiscal year 1998-99 shall be continued in fiscal year 1999-2000.

12. Nothing in this Part shall be construed as modifying, suspending, or superseding the Model Procurement Code as set forth in KRS Chapter 45A.

13. Nothing in this Part shall be construed as modifying, suspending, or superseding the provisions of KRS Chapter 18A of the merit system.

(h) "Multiple disability" means a combination of two (2) or more disabilities resulting in significant learning, developmental, or behavioral and emotional problems, which adversely affects educational performance and, therefore, requires specially designed instruction in order for the pupil to benefit from education. A pupil is not considered to have a multiple disability if the adverse effect on educational performance is solely the result of deaf-blindness or the result of speech or language disability and one (1) other disabling condition.

(i) "Deaf-blind" means auditory and visual impairments, the combination of which creates such severe communication and other developmental and learning needs that the pupil cannot be appropriately educated in special education programs designed solely for pupils with hearing impairments, visual impairments, or severe disabilities, unless supplementary assistance is provided to address educational needs resulting from the two (2) disabilities.

Section 6. KRS 157.224 is amended to read as follows:

(1) The Commonwealth of Kentucky is committed to providing a comprehensive educational program for its exceptional children and youth. The Department of Education coordinates, directs, and monitors that program. State direction and implementation of a statewide ***special***~~[exceptional]~~ education program is manifested in the biennial appropriation of funds to assure a quality educational opportunity for exceptional children and youth in existing, locally operated,~~[exceptional]~~ classrooms.

(2) All county and independent boards of education shall operate special education programs pursuant to an ***annual*** application which has been approved by the Kentucky Department of Education pursuant to standards set out in ***administrative*** regulations ***promulgated by***~~[of]~~ the Kentucky Board of Education. If any county or independent board of education fails to operate and implement special education programs in accordance with ***the standards***~~[that application]~~, the application of the county or independent board of education for funding pursuant to KRS 157.360 may be considered insufficient ***and the add-on funds generated under that statute shall be withheld under the provisions of subsections (5) and (6) of this section by the Kentucky Board of Education until the program is in compliance***. The superintendent of each local school district shall certify its enrollment of exceptional children and youth to the Department of Education. The department shall audit student enrollment and monitor local district compliance in accordance with Kentucky Board of Education administrative regulations.

(3) ***The Kentucky Board of Education administrative regulations shall set forth the data local school districts shall submit in their annual applications and reports. The data shall be reported in the same format as data submitted to the Department of Education for all other students and shall include, but not be limited to:***

(a) The number of students who are suspended, expelled, and quit school annually;

(b) The success of students placed in various classroom settings including, but not limited to, regular classrooms, resource rooms, self-contained classrooms, and vocational programs; and

(c) Information about students' successful transition to adult life.

(4) Local school districts and schools found to be noncompliant with state board administrative regulations shall develop an improvement plan that shall be submitted to the Department of Education for approval. Local school districts shall use specialized resources in the development of the plan which may include universities, regional resource centers, professional organizations, and constituent advocacy groups.

(5) There is hereby created a Special Education Trust Fund to receive the funds withheld under subsection (2) of this section and interest accrued from the funds invested. The funds and interest shall not lapse.

(6) Funds withheld under subsection (2) of this section shall be held for the district up to twelve (12) months before finally lapsing to the Special Education Trust Fund. Funds that lapse to the trust fund and the accrued interest shall be used by the Department of Education for statewide professional development under Section 4 of this Act.

(7) All administrative hearings conducted under authority of this section shall be conducted in accordance with KRS Chapter 13B. The provisions of KRS Chapter 13B notwithstanding, the decision of the hearing officer in hearings under this section shall be the final order and shall be rendered within the time limit specified in 34 C.F.R. 300.512(a).

Section 7. KRS 157.360 is amended to read as follows:

(1) In determining the cost of the program to support education excellence in Kentucky, the statewide guaranteed base funding level, as defined in KRS 157.320, shall be computed by dividing the amount appropriated for this purpose by the prior year's statewide average daily attendance.

(2) Each district shall receive an amount equal to the base funding level for each pupil in average daily attendance in the district in the previous year. Each district's base funding level shall be adjusted by the following factors:

(a) The number of at-risk students in the district. At-risk students shall be identified as those approved for the free lunch program under state and federal guidelines. The number of at-risk students shall be multiplied by a factor to be established by the General Assembly;

(b) The number and types of exceptional children in the district as defined by KRS 157.200.~~[No later than October 1, 1993, specific weights for each category of exceptionality shall be developed by the Department of Education and shall be used in the calculation of the add-on factor for exceptional children. Prior to the development of the necessary weights,]~~ The General Assembly shall determine the costs associated with the education of exceptional children based on the count of pupils with different exceptionalities, an appropriate pupil-teacher ratio, and total per-pupil costs. ***Funds generated under this paragraph shall be spent to support the excess costs associated***

with the education of exceptional children who have an individual education plan and are placed by an admissions and release committee. The allowable excess costs shall be for related services as defined by KRS 157.200(4) and other services as may be determined by Kentucky Board of Education administrative regulations; and

(c) Transportation costs. The per-pupil cost of transportation shall be calculated as provided by KRS 157.370. No later than October 1, 1991, the Office of Education Accountability's Division of School Finance shall examine the components of the current system for allocating transportation funds, and recommend any needed changes to the General Assembly, the Governor, and the State Board for Elementary and Secondary Education. Districts which contract to furnish transportation to students attending nonpublic schools may adopt any payment formula which assures that no public school funds are used for the transportation of nonpublic students.

(3) The program to support education excellence in Kentucky shall be fully implemented by the 1994-95 school year. No district shall receive an annual increase in state funds of less than eight percent (8%) for 1990-91 and five percent (5%) in 1991-92 or more than twenty-five percent (25%) in either year.

(4) (a) Except for those schools which have implemented school-based decision making, the chief state school officer shall enforce maximum class sizes for every academic course requirement in all grades except in vocal and instrumental music, and physical education classes. Except as provided in subsection (5) of this section, the maximum number of pupils enrolled in a class shall be as follows:

1. Twenty-four (24) in primary grades (kindergarten through third grade);
2. Twenty-eight (28) in grade four (4);
3. Twenty-nine (29) in grades five (5) and six (6);
4. Thirty-one (31) in grades seven (7) to twelve (12);

(b) Except for those schools which have implemented school-based decision making, class size loads for middle and secondary school classroom teachers shall not exceed the equivalent of one hundred fifty (150) pupil hours per day.

(c) The chief state school officer, upon approval of the Kentucky Board of Education, shall adopt administrative regulations for enforcing this provision. These administrative regulations shall include procedures for a superintendent to request an exemption from the Kentucky Board of Education when unusual circumstances warrant an increased class size for an individual class. A request for an exemption shall include specific reasons for the increased class size with a plan for reducing the class size prior to the beginning of the next school year. A district shall not receive in any one (1) year exemptions for more classes than enroll twenty percent (20%) of the pupils in the primary grades and grades four (4) through eight (8).

(d) In all schools the chief state school officer shall enforce the special education maximum class sizes set by administrative regulations adopted by the Kentucky Board of Education. A superintendent may request an exemption pursuant to paragraph (c) of this subsection. A local school council may request a waiver pursuant to KRS 156.160(2). An exemption or waiver shall not be granted if the increased class size will impede any exceptional child from achieving his individual education program in the least restrictive environment.

(5) In grades four (4) through six (6) with combined grades, the maximum class size shall be the average daily attendance upon which funding is appropriated for the lowest assigned grade in the class. There shall be no exceptions to the maximum class size for combined classes. In combined classes other than the primary grades, no ungraded students shall be placed in a combined class with graded students. In addition, there shall be no more than two (2) consecutive grade levels combined in any one (1) class in grades four (4) through six (6). However, this shall not apply to schools which have implemented school-based decision making.

(6) If a local school district, through its admission and release committee, determines that an appropriate program in the least restrictive environment for a particular child with a disability includes either part-time or full-time enrollment with a private school or agency within the state or a public or private agency in another state, the school district shall count as average daily attendance in a public school the time that the child is in attendance at the school or agency, contingent upon approval by the chief state school officer.

(7) Pupils attending a center for child learning and study established under an agreement pursuant to KRS 65.210 to 65.300 shall, for the purpose of calculating average daily attendance, be considered as in attendance in the school district in which the child legally resides and which is party to the agreement. For purposes of subsection (1) of this section, teachers who are actually employees of the joint or cooperative action shall be considered as employees of each school district which is a party to the agreement.

(8) Program funding shall be increased when the average daily attendance in any district for the first two (2) months of the current school year is greater than the average daily attendance of the district for the first two (2) months of the previous school year. The program funds allotted the district shall be increased by the percent of increase. The average daily attendance in kindergarten is the kindergarten full-time equivalent pupils in average daily attendance.

(9) If the average daily attendance for the current school year in any district decreases by ten percent (10%) or more than the average daily attendance for the previous school year, the average daily attendance for purposes of calculating program funding for the next school year shall be increased by an amount equal to two-thirds (2/3) of the decrease in average daily attendance. If the average daily attendance remains the same or decreases in the succeeding school year, the average daily attendance for purposes of calculating program funding for the following school year shall be increased by an amount equal to one-third (1/3) of the decrease for the first year of the decline.

(10) If the percentage of attendance of any school district shall have been reduced more than two percent (2%) during the previous school year, the program funding allotted the district for the current school year shall be increased by the difference in the percentage of attendance for the two (2) years immediately prior to the current school year less two percent (2%).

(11) (a) Instructional salaries for vocational agriculture classes shall be allotted for twelve (12) months per year. Vocational agriculture teachers shall be responsible for the following program of instruction during the time period beyond the regular school term established by the local board of education: supervision and instruction of students in agriculture experience programs; group and individual instruction of farmers and agribusinessmen; supervision of student members of agricultural organizations who are involved in leadership training or other activity required by state or federal law; or any program of vocational agriculture established by the Division of Secondary Vocational Education in the Department of Education. Salary allotments for vocational agriculture teachers shall be computed by proportionately increasing the salary schedule allocation based on the regular one hundred eighty-five (185) day school year for teachers with comparable qualifications and experience. During extended employment, no vocational agriculture teacher shall receive salary on a day that the teacher is scheduled to attend an institution of higher education class which could be credited toward meeting any certification requirement.

(b) Each teacher of agriculture employed shall submit an annual plan for summer program to the local school superintendent for approval. The summer plan shall include a list of tasks to be performed, purposes for each task, and time to be spent on each task. Approval by the local school superintendent shall be in compliance with the guidelines developed by the State Department of Education. The supervision and accountability of teachers of vocational agriculture's summer programs shall be the responsibility of the local school superintendent. The local school superintendent shall submit to the chief state school officer a completed report of summer tasks for each vocational agriculture teacher. Twenty percent (20%) of the approved vocational agriculture programs shall be audited annually by the State Department of Education to determine that the summer plan has been properly executed.

(c) For the 1990-91 and the 1991-92 school years, an add-on appropriation shall be made to local school districts which are operating secondary vocational education programs. The amount provided in the budget shall be allocated on a per pupil basis and shall be used to meet the higher per student cost of operating vocational education programs.

(12) (a) In allotting program funds for home and hospital instruction, statewide guaranteed base funding, excluding the capital outlay, shall be allotted for each child in average daily attendance in the prior school year who has been properly identified according to Kentucky Board of Education administrative regulations. Attendance shall be calculated pursuant to KRS 157.270 and shall be reported monthly on forms provided by the Department of Education; and

(b) Pursuant to administrative regulations of the Department of Education, local school districts shall be reimbursed for home and hospital instruction for pupils unable to attend regular school sessions because of short term health impairments. A reimbursement formula shall be established by administrative regulations to include such factors as a reasonable per hour, per child allotment for teacher instructional time, with a maximum number of funded hours per week, a reasonable allotment for teaching supplies and equipment, and a reasonable allotment for travel expenses to and from instructional assignments, but the formula shall not include an allotment for capital outlay. Attendance shall be calculated pursuant to KRS 157.270 and shall be reported monthly on forms provided by the Department of Education.

(13) Except for those schools which have implemented school-based decision making and the school council has voted to waive this subsection, kindergarten aides shall be provided for each twenty-four (24) full-time equivalent kindergarten students enrolled.

Section 8. KRS 159.140 is amended to read as follows:

The director of pupil personnel shall:

(1) Devote his entire time to the duties of his office;

(2) Enforce the compulsory attendance and census laws in the attendance district he serves;

(3) Acquaint the school with the home conditions of the ***student***[~~child~~], and the home with the work and advantages of the school;

(4) Ascertain the causes of irregular attendance and truancy, and seek the elimination of these causes;

(5) Secure the enrollment in school of all ***students***[~~children~~] who should be enrolled and keep all enrolled ***students***[~~children~~] in reasonably regular attendance;

(6) Visit the homes of ***students***[~~children~~] who are absent from school or who are reported to be in need of books, clothing, or parental care;

(7) ***Interview students and the parents of those students who quit school to determine the reasons for the decision. The interviews shall be conducted in a location that is nonthreatening for the students and parents and according to procedures and interview questions established by an administrative regulation promulgated by the Kentucky Board of Education. The questions shall be designed to provide data that can be used for local district and statewide research and decision-making. Data shall be reported annually to the local board of education and the Department of Education.***

(8) Report to the superintendent of schools in the district in which the ***student***[~~child~~] resides the number and cost of books and school supplies needed by any ***student***[~~child~~] whose parent, guardian, or custodian does not have sufficient income to furnish the child with the necessary books and school supplies;

(9)[~~(8)~~] Keep the records and make the reports that are required by law, by regulation of the Kentucky Board of Education, and by the superintendent and board of education.

Section 9. KRS 161.048 is amended to read as follows:

(1) There is hereby established an alternative certification program. The Educational Professional Standards Board shall promulgate administrative regulations establishing standards for local district training programs and the approval and evaluation process for these programs. A local district or group of districts may seek approval for a training program. The state-approved local district training program is an alternative to the college teacher preparation program as a means of acquiring teacher certification. The training program may be offered for all teaching certificates approved by Education Professional Standards Board, including interdisciplinary early childhood education, except for specific certificates for teachers of exceptional children. To participate in a state-approved local district alternative training program, the candidate shall:

(c) Have been offered employment in a school district which has a training program approved by the Education Professional Standards Board.

(2) Upon meeting the participation requirements as established in subsection (1) of this section, the candidate shall be issued a one (1) year provisional certificate by the Education Professional Standards Board. The regular provisional certificate shall be issued upon satisfactory completion of the program and the teacher testing internship program pursuant to KRS 161.030.

(3) The Education Professional Standards Board may reject the application of any candidate who is judged as not meeting academic requirements comparable to those for students enrolled in Kentucky teacher preparation programs.

(4) Subsections (1) to (3) of this section notwithstanding, a candidate who possesses the following qualifications may receive alternative certification for teaching at the secondary level:

(a) A master's degree or doctoral degree in the academic subject area for which certification is sought;

(2) Each exceptional student as defined in KRS 157.200 shall have an individual education plan that shall serve as the centerpiece of the student's educational career and the communication vehicle between the parents and school personnel. The plan shall enable the parents and school personnel to decide the student's educational needs, the services needed to achieve those needs, and the anticipated results. The plan shall be used as a document to monitor the student's progress. School personnel shall provide the parents with reports of the progress toward the student's annual goals at least as often as report cards go to nondisabled students.

The training shall be made available to local district personnel on a cost recovery basis.

HB 641, AN ACT relating to teachers.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 161.155 is amended to read as follows:

(1) As used in this section:

(a) "Teacher" shall mean any person for whom certification is required as a basis of employment in the common schools of the state;

(b) "Employee" shall mean any person, other than a teacher, employed in the public schools, whether on a full or part-time basis;

(c) "Immediate family" shall mean the teacher's spouse, children including stepchildren, parents and spouse's parents, grandparents, and spouse's grandparents, without reference to the location or residence of said relative, and any other blood relative who resides in the teacher's home; and

(d) "Sick leave bank" shall mean an aggregation of sick leave days contributed by teachers for use by teachers who have exhausted all sick leave and other available paid leave days.

(2) Each district board of education shall allow to each teacher in its common school system not less than ten (10) days of sick leave during each school year, without deduction of salary. Sick leave shall be granted to a teacher if he presents a personal affidavit or a certificate of a physician stating that the teacher was ill, that the teacher was absent for the purpose of attending to a member of his immediate family who was ill, or for the purpose of mourning a member of his immediate family. The ten (10) days of sick leave herein granted may be taken by a teacher on any ten (10) days of the school year and shall be granted in addition to accumulated sick leave days that have been credited to the teacher under the provisions of subsection (3) of this section.

(3) Days of sick leave not taken by a teacher during any school year shall accumulate without limitation and be credited to that teacher. Accumulated sick leave may be taken in any school year. Any district board of education may, in its discretion, allow teachers in its common school system sick leave in excess of the number of days prescribed in this section and may allow school district employees and teachers to use up to three (3) days' sick leave per school year for emergency leave pursuant to KRS 161.152(3). Any accumulated sick leave days credited to a teacher shall remain so credited in the event he transfers his place of employment from one (1) school district to another within the state or to the Kentucky Department of Education or transfers from the Department of Education to a school district after June 30, 1985.

(4) Accumulated days of sick leave shall be granted to a teacher, if prior to the opening day of the school year, an affidavit or a certificate of a physician is presented to the district board of education, stating that the teacher is unable to commence his duties on the opening day of the school year, but will be able to assume his duties within a period of time that the board determines to be reasonable.

(5) Any school employee may repurchase previously used sick leave days with the concurrence of the local school board by paying to the district an amount equal to the total of all costs associated with the used sick leave.

(6) A district board of education may adopt a plan for a sick leave bank. The plan may include limitations upon the number of days a teacher may annually contribute to the bank and limitations upon the number of days a teacher may annually draw from the bank. Only those teachers who contribute to the bank may draw upon the bank. Days contributed will be deducted from the days available to the contributing teacher. The sick leave bank shall be administered in accordance with a policy adopted by the board of education.

(7) ***(a) A district board of education shall establish a sick leave donation program to permit teachers to voluntarily contribute sick leave to teachers in the same school district who are in need of an extended absence from school. A teacher who has accrued more than fifteen (15) days sick leave may request the board of education to transfer a designated amount of sick leave to another teacher who is authorized to receive the sick leave donated. A teacher may not request an amount of sick leave be donated that reduces his or her sick leave balance to less than fifteen (15) days.***

(b) A teacher may receive donations of sick leave if:

1. The teacher or a member of his or her immediate family suffers from a medically certified illness, injury, impairment, or physical or mental condition that has caused or is likely to cause the teacher to be absent for at least ten (10) days;

2. The teacher's need for the absence and use of leave are certified by a licensed physician;

3. The teacher has exhausted his or her accumulated sick leave, personal leave, and any other leave granted by the school district; and

4. The teacher has complied with the school district's policies governing the use of sick leave.

(c) While an employee is on sick leave provided by this section, he or she shall be considered a school district employee, and his or her salary, wages, and other employee benefits shall not be affected.

(d) Any sick leave that remains unused, is not needed by a teacher, and will not be needed in the future shall be returned to the teacher donating the sick leave.

(e) The board of education shall adopt policies and procedures necessary to implement the sick leave donation program.

(8) A teacher may use up to thirty (30) days of sick leave following the birth or adoption of a child or children. Additional days may be used when the need is verified by a physician's statement.

(9)[~~(8)~~] After July 1, 1982, a district board of education may compensate, at the time of retirement, an employee or a teacher for each unused sick leave day. The rate of compensation for each unused sick leave day shall be based on a percentage of the daily salary rate calculated from the employee's or teacher's last annual salary, not to exceed thirty percent (30%). Payment for unused sick leave days shall be incorporated into the annual salary of the final year of service; provided that the member makes the regular retirement contribution for members on the sick leave payment. The accumulation of these days includes unused sick leave days held by the employee or teacher at the time of implementation of the program.

(10)[~~(9)~~] Any statute to the contrary notwithstanding, employees and teachers who transferred from the Department of Education to a school district, from a school district to the Department of Education, or from one (1) school district to another school district after July 15, 1981, shall receive credit for any unused sick leave to which the employee or teacher was entitled on the date of transfer. (2) Upon the member's application for service retirement, the employer shall certify the retiring member's unused accumulated sick-leave balance to the board of trustees of the Kentucky Teachers' Retirement System. The member's sick-leave balance, expressed in days, shall be divided by one hundred eighty-five (185) days to determine the amount of service credit that may be considered for addition to the member's retirement account for the purpose of determining the retirement allowance under KRS 161.620. Such sick-leave credit shall not be used for the purpose of determining whether the member is eligible to receive a retirement allowance under KRS 161.600.

(3) The board shall compute the cost to the retirement system of the sick-leave credit for each retiring member and shall bill the last employer of the retiring member for such cost. The employer shall pay the cost of such service credit to the retirement system within fifteen (15) days after receiving notification of the cost from the board.

(4) Retiring members who receive service credit under this section shall not be eligible to receive compensation for accrued sick leave under KRS 161.155***(9)***[~~(8)~~] or any other statutory provision.

(5) Employer participation is optional and the employer may opt to purchase less service credit than the member is eligible to receive provided the same percentage of reduction is made applicable to all retiring members of the employer during a school fiscal year.

(6) The board of trustees shall formulate and adopt necessary rules and regulations for the administration of the foregoing provisions.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 189A.100 is amended to read as follows:

(1) ***Except as provided in subsection (3) of this section,*** law enforcement agencies may administer preliminary breath tests using devices or equipment which will ensure an accurate determination of blood alcohol content. ***The***[~~Such~~] tests may be administered in the field to a person suspected of violation of KRS 189A.010 before the person is arrested. This test may be administered in addition to any other blood alcohol level test authorized by law. A person's refusal to take a preliminary breath test shall not be used against him in a court of law or in any administrative proceeding.

(2) Law enforcement agencies may record on film or video tape or by other visual and audible means field sobriety tests administered at the scene of an arrest for violation of KRS 189A.010 or ***other***[~~such~~] tests at a police station, jail, or other suitable facility subject to the following conditions:

(a) The testing is recorded in its entirety (except for blood alcohol analysis testing); and

(b) The entire recording is shown in court unless the defendant waives the showing of any portions not offered by the prosecution; and

(c) The entire recording is available to be shown by the defense at trial if the defendant so desires regardless of whether it was introduced by the Commonwealth; and

(d) The defendant or his counsel is afforded an opportunity to view the entire recording a reasonable time before the trial in order to prepare an adequate defense; and

(e) Recordings shall be used for official purposes only and shall be shown only in court, to the prosecution and defense in preparation for a trial, or upon the order of a court. Recordings shall otherwise be considered as confidential records; and

(f) After all appeals have been exhausted the recordings shall, upon the order of a District Court, be destroyed; and

(g) Public officials or employees utilizing or showing recordings other than as permitted in this chapter or permitting others to do so shall be guilty of official misconduct in the first degree.

(3) All law enforcement agencies shall administer a field sobriety test at the scene of every motor vehicle accident that results in serious physical injury or death. The test shall be administered to every driver involved in the accident and the driver shall not be allowed to refuse to comply with the test. If the field sobriety test cannot be administered the driver shall submit to a blood or urine test.

Section 2. KRS 189A.103 is amended to read as follows:

The following provisions shall apply to any person who operates or is in physical control of a motor vehicle or a vehicle that is not a motor vehicle in this Commonwealth:

(1) He is deemed to have given his consent to one (1) or more tests of his blood, breath, and urine, or combination thereof,

for the purpose of determining alcohol concentration or presence of a substance which may impair one's driving ability, if arrested for any offense arising out of a violation of KRS 189A.010(1) or 189.520(1).

(2) Any person who is dead, unconscious, or otherwise in a condition rendering him incapable of refusal is deemed not to have withdrawn the consent provided in subsection (1) of this section, and the test may be given.

(3) The breath, blood, and urine tests administered pursuant to this section shall be administered at the direction of a peace officer ***responding to a motor vehicle accident involving serious physical injury or fatalities or at the direction of a peace officer who has***[~~having~~] reasonable grounds to believe the person has committed a violation of KRS 189A.010(1) or 189.520(1).

(a) Tests of the person's breath, blood, or urine, to be valid pursuant to this section, shall have been performed according to the administrative regulations promulgated by the secretary of the Justice Cabinet.

(b) All breath tests shall be administered by a peace officer holding a certificate, as an operator of a breath analysis instrument, issued by the secretary of the Justice Cabinet or his designee.

(4) A breath test shall consist of a test which is performed in accordance with the manufacturer's instructions for the use of the instrument.

(5) When the preliminary breath test, breath test, or other evidence gives the peace officer reasonable grounds to believe there is impairment by a substance which is not subject to testing by a breath test, then blood or urine tests, or both, may be required in addition to a breath test, or in lieu of a breath test.

(6) Only a physician, registered nurse, phlebotomist, medical technician, or medical technologist not otherwise prohibited by law can withdraw any blood of any person submitting to a test under this section.

(7) The person tested shall be permitted to have a person listed in subsection (6) of this section of his own choosing administer a test or tests in addition to any tests administered at the direction of the peace officer. Tests conducted under this section shall be conducted within a reasonable length of time. Provided, however, the nonavailability of the person chosen to administer a test or tests in addition to those administered at the direction of the peace officer within a reasonable time shall not be grounds for rendering inadmissible as evidence the results of the test or tests administered at the direction of the peace officer.

Section 3. KRS 189A.105 is amended to read as follows:

(1) ***Except as provided in subsection (3) of this section, a***[~~No~~] person shall ***not*** be compelled to submit to any test or tests specified in KRS 189A.103, but his refusal to submit to ***the***[~~such~~] tests shall result in revocation of his driving privilege as provided in this chapter.

(2) (a) At the time a breath, blood, or urine test is requested, the person shall be informed:

1. That, if the person refuses to submit to ***the***[~~such~~] tests, the person's privilege to drive shall be revoked for a period of six (6) months, or more, pursuant to this chapter; and

2. That, if a test is taken and the results indicate that the person has an alcohol concentration of 0.10 or greater, or, if the person is under the influence of alcohol or a substance that impairs one's driving ability or a combination of alcohol and ***a***[~~such~~] substance, the person shall be subject to criminal penalties and the person's driving license shall be revoked for a period of at least ninety (90) days; and

3. That the person has the right to have a test or tests of his blood performed by a person of his choosing described in KRS 189A.103 within a reasonable time of his arrest at the expense of the person arrested.

(b) Nothing in this subsection shall be construed to prohibit a judge of a court of competent jurisdiction from issuing a search warrant or other court order requiring a blood or urine test, or a combination thereof, of a defendant charged with a violation of KRS 189A.010, or other statutory violation arising from the incident, when a person is killed or suffers physical injury, as defined in KRS 500.080, as a result of the incident in which the defendant has been charged.

(3) All drivers involved in a motor vehicle accident that results in serious physical injury or death shall be compelled to submit to any test specified in Section 2 of this Act and shall not be allowed to refuse to comply with the test. The operator or person having or assuming authority of the operator, or ownership of the vehicle, shall give the occupant of the vehicle, or person struck, if requested, the registration number of the vehicle, if any, and also the names and addresses of the owner, the occupants and operator. The total names need not exceed five (5) in number.

NOW, THEREFORE,

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 189A.100 is amended to read as follows:

(1) ***Except as provided in subsection (3) of this section,*** law enforcement agencies may administer preliminary breath tests using devices or equipment which will ensure an accurate determination of blood alcohol content. ***The***[~~Such~~] tests may be administered in the field to a person suspected of violation of KRS 189A.010 before the person is arrested. This test may be administered in addition to any other blood alcohol level test authorized by law. A person's refusal to take a preliminary breath test shall not be used against him in a court of law or in any administrative proceeding.

(2) Law enforcement agencies may record on film or video tape or by other visual and audible means field sobriety tests administered at the scene of an arrest for violation of KRS 189A.010 or ***other***[~~such~~] tests at a police station, jail, or other suitable facility subject to the following conditions:

- (a) The testing is recorded in its entirety (except for blood alcohol analysis testing); and
- (b) The entire recording is shown in court unless the defendant waives the showing of any portions not offered by the prosecution; and
- (c) The entire recording is available to be shown by the defense at trial if the defendant so desires regardless of whether it was introduced by the Commonwealth; and
- (d) The defendant or his counsel is afforded an opportunity to view the entire recording a reasonable time before the trial in order to prepare an adequate defense; and
- (e) Recordings shall be used for official purposes only and shall be shown only in court, to the prosecution and defense in preparation for a trial, or upon the order of a court. Recordings shall otherwise be considered as confidential records; and
- (f) After all appeals have been exhausted the recordings shall, upon the order of a District Court, be destroyed; and
- (g) Public officials or employees utilizing or showing recordings other than as permitted in this chapter or permitting others to do so shall be guilty of official misconduct in the first degree.

(3) All law enforcement agencies shall request all drivers involved in a motor vehicle accident that results in serious injury or death to submit to a field sobriety test at the scene of the accident. If a driver refuses to comply with the officer's request, the refusal shall have the same effect as refusing to comply under this chapter.

Section 2. KRS 189A.103 is amended to read as follows:

The following provisions shall apply to any person who operates or is in physical control of a motor vehicle or a vehicle that is not a motor vehicle in this Commonwealth:

(1) He is deemed to have given his consent to one (1) or more tests of his blood, breath, and urine, or combination thereof, for the purpose of determining alcohol concentration or presence of a substance which may impair one's driving ability, if arrested for any offense arising out of a violation of KRS 189A.010(1) or 189.520(1).

(2) Any person who is dead, unconscious, or otherwise in a condition rendering him incapable of refusal is deemed not to have withdrawn the consent provided in subsection (1) of this section, and the test may be given.

(3) The breath, blood, and urine tests administered pursuant to this section shall be administered at the direction of a peace officer ***responding to a motor vehicle accident involving serious physical injury or fatalities or at the direction of a peace officer who has***[~~having~~] reasonable grounds to believe the person has committed a violation of KRS 189A.010(1) or 189.520(1).

(a) Tests of the person's breath, blood, or urine, to be valid pursuant to this section, shall have been performed according to the administrative regulations promulgated by the secretary of the Justice Cabinet.

(b) All breath tests shall be administered by a peace officer holding a certificate, as an operator of a breath analysis instrument, issued by the secretary of the Justice Cabinet or his designee.

(4) A breath test shall consist of a test which is performed in accordance with the manufacturer's instructions for the use of the instrument.

(5) When the preliminary breath test, breath test, or other evidence gives the peace officer reasonable grounds to believe there is impairment by a substance which is not subject to testing by a breath test, then blood or urine tests, or both, may be required in addition to a breath test, or in lieu of a breath test.

(6) Only a physician, registered nurse, phlebotomist, medical technician, or medical technologist not otherwise prohibited by law can withdraw any blood of any person submitting to a test under this section.

(7) The person tested shall be permitted to have a person listed in subsection (6) of this section of his own choosing administer a test or tests in addition to any tests administered at the direction of the peace officer. Tests conducted under this section shall be conducted within a reasonable length of time. Provided, however, the nonavailability of the person chosen to administer a test or tests in addition to those administered at the direction of the peace officer within a reasonable time shall not be grounds for rendering inadmissible as evidence the results of the test or tests administered at the direction of the peace officer.

Section 3. KRS 189A.105 is amended to read as follows:

(1) ***Except as provided in subsection (3) of this section, a***[~~No~~] person shall ***not*** be compelled to submit to any test or tests specified in KRS 189A.103, but his refusal to submit to ***the***[~~such~~] tests shall result in revocation of his driving privilege as provided in this chapter.

(2) (a) At the time a breath, blood, or urine test is requested, the person shall be informed:

1. That, if the person refuses to submit to ***the***[~~such~~] tests, the person's privilege to drive shall be revoked for a period of six (6) months, or more, pursuant to this chapter; and

2. That, if a test is taken and the results indicate that the person has an alcohol concentration of 0.10 or greater, or, if the person is under the influence of alcohol or a substance that impairs one's driving ability or a combination of alcohol and ***a***[~~such~~] substance, the person shall be subject to criminal penalties and the person's driving license shall be revoked for a period of at least ninety (90) days; and

3. That the person has the right to have a test or tests of his blood performed by a person of his choosing described in KRS 189A.103 within a reasonable time of his arrest at the expense of the person arrested.

(b) Nothing in this subsection shall be construed to prohibit a judge of a court of competent jurisdiction from issuing a search warrant or other court order requiring a blood or urine test, or a combination thereof, of a defendant charged with a violation of KRS 189A.010, or other statutory violation arising from the incident, when a person is killed or suffers physical injury, as defined in KRS 500.080, as a result of the incident in which the defendant has been charged.

(3) All drivers involved in a motor vehicle accident that results in serious physical injury or death shall be requested to submit to one (1) of the tests specified in Section 2 of this Act. A person who refuses a test shall be subject to the provisions of this chapter for refusing to comply with a test.

the[~~such~~] person to a physician, surgeon, or hospital for medical or surgical treatment if it is apparent that such treatment is necessary, or if[~~ such carrying is~~] requested ***to do so*** by the injured person. The operator or person having or assuming authority of the operator, or ownership of the vehicle, shall give the occupant of the vehicle, or person struck, if requested, the registration number of the vehicle, if any, and also the names and addresses of the owner, the occupants and operator. The total names need not exceed five (5) in number.

(2) The operator of any vehicle which collides with or is involved in an accident with any vehicle or other property which is unattended resulting in any damage to ***the***[~~such~~] other vehicle or property shall immediately stop and shall then and there either locate and notify the operator or owner of ***the***[~~such~~] vehicle or other property of his name, address, and the registration number of the vehicle he is driving or shall attach securely in a conspicuous place in or on ***the***[~~such~~] vehicle or other property a written notice giving his name, address, and the registration number of the vehicle he is driving, or shall file a report with the local police department.

(3) The operator of a vehicle involved in an accident in subsection (1) or (2) above resulting in injury to or death of any person or in which total property damage of five hundred dollars ($500) or more is sustained shall, within ten (10) days, report the matter in writing to the Justice Cabinet.

Section 5. KRS 189.635 is amended to read as follows:

(2) Any person operating a vehicle on the highways of this state who is involved in an accident resulting in fatal or nonfatal personal injury to any person or damage to the vehicle rendering the vehicle inoperable shall be required to immediately notify a law enforcement officer having jurisdiction. In the event the operator fails to notify or is incapable of notifying a law enforcement officer having jurisdiction, ***the***[~~such~~] responsibility shall rest with the owner of the vehicle or any occupant of the vehicle at the time of the accident. A law enforcement officer having jurisdiction shall investigate the accident and file a written report of the accident with his law enforcement agency. ***The officer shall also request all drivers involved in a motor vehicle accident that results in serious physical injury or death to submit to a field sobriety test. If a driver refuses to comply with the officer's request, the refusal shall have the same effect as refusing to comply under KRS Chapter 189A.***

(3) Every law enforcement agency whose officers investigate a vehicle accident of which a report must be made as required in this chapter shall file a report of the accident with the Department of State Police within ten (10) days after investigation of the accident upon forms supplied by the department.

(4) Any person operating a vehicle on the highways of this state who is involved in an accident resulting in any property damage exceeding five hundred dollars ($500) in which an investigation is not conducted by a law enforcement officer shall file a written report of the accident with the Department of State Police within ten (10) days of occurrence of the accident upon forms provided by the department.

(5) All accident reports filed with the Department of State Police in compliance with subsection (4) above shall remain confidential except that the department may disclose the identity of a person involved in an accident when his identity is not otherwise known or when he denies his presence at an accident. All other accident reports required by this section, and the information contained in the reports, shall be confidential and exempt from public disclosure except when produced pursuant to a properly executed subpoena or court order, or except pursuant to subsection (6) of this section. These reports shall be made available only to the parties to the accident, the parents or guardians of a minor who is party to the accident, and the insurers of any party who is the subject of the report, or to the attorneys of the parties.

SECTION 2. A NEW SECTION OF KRS CHAPTER 176 IS CREATED TO READ AS FOLLOWS:

Waste sites identified in Section 1 of this Act shall be on property owned by the state or a city, county, or other governmental agency and have the potential to be turned into industrial parks under the provisions of Section 1 of this Act.

SECTION 3. A NEW SECTION OF KRS CHAPTER 176 IS CREATED TO READ AS FOLLOWS:

(1) During the construction phase of a new road construction project, potential industrial park sites identified during the design phase shall be used as waste sites by the department or the contractor who was awarded the project. Waste shall include, but not be limited, to nonhazardous nonsoluble construction material, steel, concrete, brick, asphalt, rock, dirt, or other fill material, but shall not include vegetation resulting from land clearing and grubbing, utility line maintenance, seasonal and storm-related cleanup, or any hazardous material or hazardous waste as defined in KRS 174.405.

(2) The purpose of using the site as a repository for waste is to reduce the cost associated with the road project and to level or otherwise create a site sufficient to support industrial activities. The department or the department's contractor shall use stabilization methods to reduce significant differential settling of the waste. The department or

the department's contractor shall continually grade and compact the waste site, and design surface contours to minimize water run-off, until the site is stable, final grading is complete, and the site is ready for building to begin on an industrial park.

(3) If a waste site is owned by the state, the state shall deed in fee simple the area used as a waste site to an interested city, county, or other governmental agency upon completion of the highway project after the final pay estimate has been processed.

(4) The department shall upon the effective date of this Act begin consulting with the appropriate elected officials affected by new routes proposed to be constructed in the 1999-2004 six (6) year highway plan and each enacted six (6) year highway plan thereafter. The department shall consult with the appropriate elected officials to identify waste sites along the proposed new routes that may be potential industrial park sites.

Section 4. Whereas the majority of road construction projects are prepared for letting in early spring each year to maximize the construction season, an emergency is declared to exist, and this Act takes effect upon its passage and approval by the Governor or upon its otherwise becoming a law.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 311 IS CREATED TO READ AS FOLLOWS:

(1) When it appears that a person whom a paramedic has been called to attend is dead, the paramedic shall, utilizing the protocol specified by the board by administrative regulation, determine whether or not the patient is dead prior to resuscitation of the patient by the paramedic or an emergency medical technician who has responded with or after the paramedic. If it is determined that death has occurred in accordance with the procedures of KRS 446.400 with regard to patients who have not been resuscitated, the paramedic may make the actual determination and pronouncement of death. This section shall not apply to patients who are in a hospital when apparent death occurs.

(2) In the event that a paramedic determines that a person is dead, the paramedic shall make the notifications required by KRS 72.020 and take the protective actions required by that statute.

(3) Any paramedic course taught after the effective date of this section shall include a course of instruction on the determination of death and preservation of evidence as required by the Board of Medical Licensure by administrative regulation.

(4) Any paramedic recertified within the two (2) years following the effective date of this Act shall successfully complete in-service training required by the Board of Medical Licensure by administrative regulation relating to determination of death and preservation of evidence. Any paramedic who does not successfully complete the required in-service training shall not be recertified.

(5) Any paramedic from another jurisdiction desiring to become a paramedic in Kentucky shall show evidence of successful completion of a training course in Kentucky meeting the requirements of subsection (4) of this section, and certification as a paramedic shall be denied if the required evidence is not shown.

(6) The administration of cardiopulmonary resuscitation or other basic life support measures to the apparently dead

person prior to the arrival of the paramedic by any person, for the purposes of this section and KRS 446.400, shall not be considered as artificial maintenance of respiration and circulation. The administration of advanced cardiac life support procedures by any person prior to the arrival of the paramedic shall preclude the determination of death by the paramedic, and the provisions of KRS 446.400 shall apply. However, nothing in this section shall preclude the supervising physician from directing the paramedic to cease resuscitative efforts under approved agency medical protocols.

(7) Defibrillation of the heart by the delivery of an electrical impulse to the heart by an automatic external defibrillator or other defibrillation device shall not be considered basic life support, and the use of a defibrillation device for defibrillation of the heart shall invoke the provisions of KRS 446.400. Monitoring of electrical activity in the heart through the use of a defibrillation device or other heart monitor without the delivery of an electrical impulse to defibrillate the heart shall not invoke the provisions of KRS 446.400.

SECTION 2. A NEW SECTION OF KRS CHAPTER 311 IS CREATED TO READ AS FOLLOWS:

(1) A paramedic who is off duty and out of his or her normal service area who, in an emergency situation, comes across a person in need of advanced life support and who has the equipment and supplies necessary to perform advanced life support may render such advanced life support care as is reasonably necessary. The provision of this care is subject to the approval of the paramedic's medical director and ambulance service provider.

(2) A paramedic who renders advanced life support in a situation described in subsection (1) of this section shall:

(a) If the patient is transported to a medical care facility, accompany that patient to the medical care facility unless the responding ambulance has a paramedic, nurse, or physician on board; and

(b) Within five (5) working days make a written report to the paramedic's medical director of his or her ambulance service as to the details of the incident. Submission of a copy of the ambulance run form to the medical director shall meet the requirements of this section.

(2) Paramedics may provide their services, skills, and procedures in and out of a hospital setting, in transfers between medical facilities, and for training and skill maintenance purposes in other locations specified by the board by administrative regulation.

SECTION 4. A NEW SECTION OF KRS CHAPTER 216B IS CREATED TO READ AS FOLLOWS:

(1) Each ambulance service utilizing a medical director to supervise paramedics or other employees of the ambulance service or graduate paramedics may provide liability insurance for the medical director for any acts or omissions of the medical director or those persons whom the medical director supervises. The insurance shall be limited to those acts or omissions arising from the provision of medical direction to the ambulance service.

(2) The amount of the insurance shall be arrived at by written contract between the ambulance service and the medical director.

(3) The State Board of Medical Licensure shall have sole jurisdiction regarding any complaint relating to the medical supervision of an ambulance service or ambulance service personnel against a physician performing in the role of medical director for an ambulance service for basic or advanced life support services.

(1) Each licensed ambulance provider and medical first response provider as defined in KRS 211.952(2) shall collect and provide to the cabinet run data and information required by the cabinet by administrative regulation.

(2) The cabinet shall develop a run report form for the use of each class of ambulance provider and medical first response provider containing the data required in subsection (1) of this section. An ambulance provider or medical first response provider may utilize any run form it chooses in lieu of or in addition to the cabinet-developed run report form. However, the data captured on the run report form shall include at least that required by the administrative regulations promulgated pursuant to subsection (1) of this section.

(3) An ambulance provider or medical first response provider may report the required run report data and information by sending copies of the completed run report forms to the cabinet or by transmitting the required data and information to the cabinet in an electronic format. If the cabinet requires the use of a specific electronic format it shall provide a copy of the file layout requirements, in either written or electronic format, to the licensed ambulance provider or medical first response provider at no charge.

(4) Each ambulance provider or medical first response provider shall submit its run reports or data summary reports in electronic format on the time schedule specified by the cabinet by administrative regulation.

(5) The cabinet shall publish a comprehensive annual report reflecting the data collected, injury and illness data, treatment utilized, and other information deemed important by the cabinet. The annual report shall not include patient identifying information or any other information identifying a natural person. A copy of the comprehensive annual report shall be forwarded by the cabinet to the Kentucky Board of Medical Licensure.

(6) Ambulance provider and medical first response provider run report forms and the information transmitted electronically to the cabinet shall be confidential. Any authorization for the release of information or for inspection or copying of a run report form shall be in writing.

(7) If a medical first response provider or ambulance provider does not use a paper form but collects patient data through electronic means, it shall have the means of providing a written run report that includes all required data elements to the medical care facility. A copy of the medical first response form or a summary of the run data and patient information shall be made available to the ambulance service that transports the patient. A copy of the ambulance run report form shall be made available to any medical care facility to which a patient is transported and shall be included in the patient's medical record by that facility. If a patient is not transported to a medical facility, the copy of the run report form that is to be given to the transporting ambulance provider or medical care facility shall be given to the patient or to the patient's parent or legal guardian. If the ambulance provider, medical facility, patient, or patient's legal guardian refuses delivery of their run report form or is unavailable to receive the form, that copy of the form shall be returned to the medical first response provider or ambulance provider and destroyed.

Any person making such a report shall provide the following information, if known: The name and address of the adult, or of any other person responsible for his care; the age of the adult; the nature and extent of the abuse, neglect, or exploitation, including any evidence of previous abuse, neglect, or exploitation; the identity of the perpetrator, if known; the identity of the complainant, if possible; and any other information that the person believes might be helpful in establishing the cause of abuse, neglect, or exploitation.

(6) Any representative of the cabinet may with consent of the adult or caretaker enter any private premises where any adult alleged to be abused, neglected, or exploited is found in order to investigate the need for protective services for the purpose of carrying out the provisions of this chapter. If the adult or caretaker does not consent to the investigation, a search warrant may issue upon a showing of probable cause that an adult is being abused, neglected, or exploited, to enable a representative of the cabinet to proceed with the investigation.

(7) If a determination has been made that protective services are necessary when indicated by the investigation, the cabinet shall provide such services within budgetary limitations, except in such cases where an adult chooses to refuse such services.

(8) In the event the adult elects to accept the protective services to be provided by the cabinet, the caretaker shall not interfere with the cabinet when rendering such services.

Section 3. KRS 209.100 is amended to read as follows:

(a) The adult is in a state of abuse***,***[~~or~~] neglect***, or exploitation*** and an emergency exists;

(b) The adult is in need of protective services;

(c) The adult lacks the capacity to consent or refuse to consent to such services; and

Section 4. KRS 209.120 is amended to read as follows:

(1) Upon petition by the cabinet a court may issue an order authorizing the provision of emergency protective services to an adult after a hearing and upon a finding based on a preponderance of the evidence that:

(b) The adult is in need of protective services;

(a) Only such protective services, including medical and surgical care and protective placement, as are necessary to remove the conditions creating the emergency shall be covered, and the court shall specifically designate the approved services in its order. Such designation of approved services shall be deemed to be the consent of the court authorizing the provision of such services.

(b) Protective services authorized by the court shall not include hospitalization or protective placement unless the court specifically finds such action is necessary and gives specific approval for such action in its order.

(c) The issuance of an emergency order shall not deprive the adult of any rights except to the extent validly provided for in the order.

(d) To implement an order, the court may authorize forcible entry of the premises of the adult for the purpose of rendering protective services or transporting the adult to another location for the provision of such services. Authorized forcible entry shall be accomplished by a peace officer accompanied by a representative of the cabinet.

(3) If the court finds, pursuant to a hearing, that the adult is in need of protective services, and should that adult have a guardian who has been derelict in providing for the welfare of the adult, the court shall have the discretion to remove the guardian and appoint another guardian, if an individual is available, willing, and able to function as guardian; such removal and appointment shall be in compliance with the provisions of KRS Chapter 387. It is not necessary for the court to find a guardian has been derelict as a requirement for the issuance of an order for protective services.

(4) If the court finds that protective services are no longer needed by the adult, the court shall order the emergency protective services to terminate.

Section 5. KRS 209.990 is amended to read as follows:

(2) Any caretaker who knowingly and willfully abuses, neglects, or exploits an adult within the meaning of this chapter, and in so doing causes serious physical or mental injury or permanent disability to such an adult, is guilty of a Class C felony, or if such abuse, neglect, or exploitation causes minor physical or mental injury or temporary disability to the adult, the caretaker is guilty of a Class A misdemeanor.

HCR 103, A CONCURRENT RESOLUTION to direct the Legislative Research Commission to create the Task Force on Sibling Sexual Abuse.

WHEREAS, national data show fully 12 percent of all perpetrators of child abuse cases substantiated by law enforcement officials are "other family members," most often siblings; and

WHEREAS, the emotional needs of children sexually abused by siblings are complex and unique; and

WHEREAS, providing the appropriate level of care, treatment, and services to address these needs is not only in the best interest of these children, but is also in the best interest of their families, their communities, and the Commonwealth; and

WHEREAS, the range of treatment options and resources available to adequately and fully address the needs of these children and the funding sources available to pay for the type of care needed are not known; and

WHEREAS, the General Assembly reaffirms that the commitment to the well-being of children of the Commonwealth should not waiver; and

WHEREAS, the General Assembly acknowledges that addressing treatment needs in the appropriate manner can halt the proliferation of sibling sexual abuse and the long-term consequences of sibling child sexual abuse, including depression, suicide, repeat abuse, and delinquent behaviors; and

WHEREAS, the General Assembly is vested with both the authority and the responsibility to address these issues and to ensure that the initiatives to address these issues utilize resources wisely and enhance the services to citizens of the Commonwealth; and

WHEREAS, there is little systematically collected, reliable data available concerning these children, their needs, the effectiveness of treatment, and the evaluation of the success of treatment; and

WHEREAS, to fully understand the scope of the problem and to develop solutions, it is critical to audit the data available concerning sexually abused child siblings, their needs, the services and treatment goals and objectives, and the criteria for determining which children access which service; and

WHEREAS, a collaborative task force approach when led by the General Assembly can lead to a comprehensive analysis of the problem, exhaustive search for solutions, and development of recommendations for action;

NOW, THEREFORE,

Be it resolved by the House of Representatives of the General Assembly of the Commonwealth of Kentucky, the Senate concurring therein:

Section 1. The Legislative Research Commission shall create the Task Force on Sibling Sexual Abuse to conduct a comprehensive study to:

(1) Determine the prevalence of sibling-perpetrated child sexual abuse in Kentucky;

SECTION 3. A NEW SECTION OF KRS CHAPTER 217D IS CREATED TO READ AS FOLLOWS:

(1) The department shall administer and enforce the provisions of this chapter and shall promulgate administrative regulations under KRS Chapter 13A to carry out the provisions of this chapter. The department shall, by registered mail, notify, in advance, the president of the KPCA board and chair of the Pest Control Advisory Board of any proposal for or changes in administrative regulations. If the department finds that the administrative regulations are necessary to carry out the purpose and intent of this chapter, the administrative regulations shall be promulgated and relate to the use or distribution of structural pesticides, and be relative to the hazards and benefits involved, and prescribe methods and equipment to be used; may restrict the storage of structural pesticides in designated areas and the type of structure and conditions for the storage of structural pesticides; may relate to the time, place, manner, and method of application of structural pesticides; may restrict or prohibit use of structural pesticides in designated areas; and shall encompass all reasonable factors that the department deems necessary to prevent damage or injury by the use or distribution of structural pesticides to the environment, including but not limited to:

(a) Plants, including forage plants, on adjacent or nearby lands;

(b) Wildlife;

(c) Fish and other aquatic life in waters; and

(d) Pollinating insects, beneficial animals, and persons.

(2) In promulgating administrative regulations, the department shall give consideration to pertinent research findings and recommendations of other agencies of this state and the federal government. The department shall consider the risks versus benefits to man and the environment, taking into account economic, social, and environmental factors of the use or distribution of any structural pesticide.

(3) The department shall by administrative regulation adopt a list of "restricted-use pesticides" for the state or for designated areas within the state if it finds that the characteristics of those structural pesticides require restricting their use to prevent injury on lands, or on lands other than the land to which they are applied, or to persons, animals, crops, pests, or vegetation other than the pests or vegetation that they are intended to destroy. For the purpose of uniformity of requirements between the states and the federal government, the department shall adopt the list of "restricted-use pesticides" as established by the EPA or other federal or state agencies.

(4) The department shall establish additional categories and classifications of licenses as required for conformance with the Federal Environmental Pesticide Control Act of 1972. The categories and classifications shall include applicator, operator, business, and other categories and classifications not specifically mentioned in this chapter. The administrative regulations shall specify the category and classification licensing conditions, procedures, and fees, not to exceed those fees specified for other similar licenses under this chapter.

SECTION 4. A NEW SECTION OF KRS CHAPTER 217D IS CREATED TO READ AS FOLLOWS:

(3) Each license holder shall notify the department of any change of address or employment status within ten (10) days after a change has been made.

(4) No individual shall be required to pay over one hundred dollars ($100) in total license fees per year if that individual

The department shall not issue or renew a firm license to an applicant unless evidence of financial responsibility is on file with the department in the form of a surety bond, an irrevocable letter of credit from a qualified financial institution, or a liability insurance policy, each of which shall be clearly conditioned to cover liability arising from use or distribution of structural pesticides and pest control services by the applicant or the applicant's employees.

(2) The amount of the irrevocable letter of credit from a qualified financial institution, a surety bond for each client, or a liability insurance policy required by this section shall be not less than two hundred thousand dollars ($200,000) combined single limit bodily injury and property damage. The evidence of financial responsibility shall be maintained at not less than the listed amount at all times. The department shall be notified by the surety, financial institution, or insurer of any reduction in the minimum financial amount required or of any cancellation of evidence of financial responsibility as soon as the surety, financial institution, or insurer becomes aware of the reduction or cancellation.

(3) Should the evidence of financial responsibility furnished expire without renewal, not meet the requirements of this chapter, or become unacceptable, for cause, to the department, the applicant or licensee shall within ten (10) days upon notice from the department execute and submit other evidence of financial responsibility acceptable to the department. Until the evidence of financial responsibility is acceptable to the department, the firm license issued shall be suspended and all structural pesticide operations shall cease.

(4) The financial responsibility requirement shall not apply to:

(a) Commercial operators, applicators, or registered trained employees employed by and acting on behalf of a firm if the firm has issued and the department has accepted evidence of financial responsibility; or

(b) Noncommercial operators or applicators.

(5) Nothing in this chapter shall be construed to relieve any person from liability for any damage to the person or lands of another caused by the use or distribution of structural pesticides even though the use or distribution conforms to the rules and administrative regulations of the department.

SECTION 18. A NEW SECTION OF KRS CHAPTER 217D IS CREATED TO READ AS FOLLOWS:

The department shall require licensed firms to maintain reasonable records, specified by administrative regulations, with respect to the use or distribution of structural pesticides for the effective enforcement of this chapter. Records shall be kept for a period of five (5) years from the date of the use or distribution of the structural pesticide to which the records refer.

SECTION 19. A NEW SECTION OF KRS CHAPTER 217D IS CREATED TO READ AS FOLLOWS:

SECTION 21. A NEW SECTION OF KRS CHAPTER 217D IS CREATED TO READ AS FOLLOWS:

(1) The Commonwealth hereby determines that the citizens of the state benefit from a system of safe, effective, and scientifically sound structural pesticides regulation. The Commonwealth further finds that a system of structural pesticide regulation that is consistent, coordinated, and comports with federal and state technical expertise is essential to the public health, safety, and welfare, and that local regulation of structural pesticides in a manner which conflicts with standards and requirements established under state or federal law does not materially assist in achieving those benefits.

(2) The Commonwealth recognizes the authority of city and county governments to enact ordinances and regulations relating to the public health, welfare, commerce, and the environment which may affect structural pest control and businesses engaged in application of such products, provided that such regulation or ordinance is supplemental to and not in conflict with standards and requirements established under state or federal law.

(3) Nothing in this section shall be construed to abrogate any authority afforded by the Kentucky Revised Statutes to any program cabinet established under KRS Chapter 12 or any state or federal mandated hazardous materials regulations or fire safety codes and comprehensive hazardous material management program.

The court shall provide as an explicit condition of every sentence to probation or conditional discharge that the defendant not commit another offense during the period for which the sentence remains subject to revocation.

(2) When imposing a sentence of probation or conditional discharge, the court may, in addition to any other reasonable condition, require that the defendant:

(a) Avoid injurious or vicious habits;

(b) Avoid persons or places of disreputable or harmful character;

(c) Work faithfully at suitable employment as far as possible;

(d) Undergo available medical or psychiatric treatment and remain in a specific institution as required for that purpose;

(l) If the defendant's record indicates a controlled substance or alcohol problem, submit to periodic testing for use of controlled substances or alcohol and pay a reasonable fee, not to exceed the actual cost of the test and analysis, as determined by the court, said fee to be collected by the circuit clerk, held in an agency account, and disbursed, on court order, solely to the agency or agencies responsible for testing and analysis as compensation for the cost of the testing and analysis performed under this subsection. For good cause shown, the testing fee may be waived by the court.

(3) When imposing a sentence of probation or conditional discharge in a case where a victim of a crime has suffered monetary damage as a result of the crime due to his property having been converted, stolen, or unlawfully obtained, or its value substantially decreased as a result of the crime, or where the victim suffered actual medical expenses, direct out-of-pocket losses, or loss of earning as a direct result of the crime, or if as a direct result of the crime the victim incurred medical expenses that were paid by the Cabinet for Human Resources, the Crime Victims Compensation Board, or any other governmental entity, the court shall order the defendant to make restitution in addition to any other penalty provided for the commission of the offense. Payment of restitution to the victim shall have priority over payment of restitution to any government agency. Restitution shall be ordered in the full amount of the damages, unless the damages exceed one hundred thousand dollars ($100,000) or twice the amount of the gain from the commission of the offense, whichever is greater, in which case the higher of these two (2) amounts shall be awarded. The court may, in lieu of ordering monetary restitution, order the defendant to make restitution by working for or on behalf of the victim. The court shall determine the number of hours of work necessary by applying the then prevailing federal minimum wage to the total amount of monetary damage caused by or incidental to the commission of the crime. The court may, with the consent of the agency, order the defendant to work as specified in KRS 533.070. Any work ordered pursuant to this section shall not be deemed employment for any purpose, nor shall the person performing the work be deemed an employee for any purpose. Where there is more than one (1) defendant or more than one (1) victim, restitution may be apportioned. Restitution shall be subject to the following additional terms and conditions:

(a) Restitution by payment may be ordered in a lump sum or in specified payments;

(b) Restitution by payment may be ordered paid through the circuit clerk who shall disburse the moneys as ordered by the court;

(c) Where property which is unlawfully in the possession of the defendant is in substantially undamaged condition from its condition at the time of the taking, return of the property shall be ordered in lieu of monetary restitution;

(d) Restitution by payment to governmental agencies shall be made through payments to and disbursement by the circuit clerk;

(e) The circuit clerk shall assess an additional fee of two percent (2%) to defray the administrative costs of collection of payments or property. This fee shall be paid by the defendant and shall enure to the general fund of the State Treasury;

As used in this chapter, unless the context otherwise requires:

(1) "Injury" means any work-related traumatic event or series of traumatic events, including cumulative trauma, arising out of and in the course of employment which is the proximate cause producing a harmful change in the human organism evidenced by objective medical findings. "Injury" does not include the effects of the natural aging process, and does not include any communicable disease unless the risk of contracting the disease is increased by the nature of the employment. "Injury" when used generally, unless the context indicates otherwise, shall include an occupational disease and damage to a prosthetic appliance, but shall not include a psychological, psychiatric, or stress-related change in the human organism, unless it is a direct result of a physical injury.

(2) "Occupational disease" means a disease arising out of and in the course of the employment.

(3) An occupational disease as defined in this chapter shall be deemed to arise out of the employment if there is apparent to the rational mind, upon consideration of all the circumstances, a causal connection between the conditions under which the work is performed and the occupational disease, and which can be seen to have followed as a natural incident to the work as a result of the exposure occasioned by the nature of the employment and which can be fairly traced to the employment as the proximate cause. The occupational disease shall be incidental to the character of the business and not independent of the relationship of employer and employee. An occupational disease need not have been foreseen or expected but, after its contraction, it must appear to be related to a risk connected with the employment and to have flowed from that source as a rational consequence.

(c) "Permanent total disability" means the condition of an employee who, due to an injury, has a permanent disability rating and has a complete and permanent inability to perform any type of work as a result of an injury, except that total disability shall be irrebuttably presumed to exist for an injury that results in:

1. Total and permanent loss of sight in both eyes;
2. Loss of both feet at or above the ankle;
3. Loss of both hands at or above the wrist;

It shall not include the commercial processing, packing, drying, storing, or canning of such commodities for market, or making cheese or butter or other dairy products for market.

(19) "Beneficiary" means any person who is entitled to income benefits or medical and related benefits under this chapter.

A business entity engaged in the severance or processing of coal, including, but not limited to, administrative or selling functions, shall be considered wholly engaged in the severance or processing of coal for the purpose of this chapter. However, a business entity which is engaged in a separate business activity not related to coal, for which a separate premium charge is not made, shall be deemed to be engaged in the severance or processing of coal only to the extent that the number of employees engaged in the severance or processing of coal bears to the total number of employees. Any employee who is involved in the business of severing or processing of coal and business activities not related to coal shall be prorated based on the time involved in severance or processing of coal bears to his total time.

(24) "Premium" for every group of self-insurers means any and all assessments levied on its members by such group or contributed to it by the members thereof. For special fund assessment purposes, "premium" also includes any and all membership dues, fees, or other payments by members of the group to associations or other entities used for underwriting, claims handling, loss control, premium audit, actuarial, or other services associated with the maintenance or operation of the self-insurance group.

The rates, factors, and methods used to calculate the cost for coverage under this paragraph for insurance policies or other evidence of coverage with provisions for deductibles shall be the same rates, factors, and methods normally used by the insurance company in Kentucky to calculate the cost for coverage for insurance policies or other evidence of coverage without provisions for deductibles, except that, for insurance policies or other evidence of coverage with provisions for deductibles effective on or after January 1, 1995, the calculated cost for coverage shall not include any schedule rating modification, debits, or credits. The cost for coverage calculated under this paragraph by insurance companies that issue only deductible insurance policies in Kentucky shall be actuarially adequate to cover the entire liability of the employer for compensation under this chapter, including all expenses and allowances normally used to calculate the cost for coverage. For policies with provisions for deductibles with effective dates of May 6, 1993, through December 31, 1993, for which the insurance company did not report premiums and remit special fund assessments based on the calculated cost for coverage prior to the reduction for

deductibles, "premiums received" includes the initial premium plus any reimbursements invoiced for losses, expenses, and fees charged under the deductibles. The special fund assessment rates in effect for reimbursements invoiced for losses, expenses, or fees charged under the deductibles shall be those percentages in effect on the effective date of the insurance policy. For policies covering leased employees as defined in KRS 342.615, "premiums received" means premiums calculated using the experience modification factor of each lessee as defined in KRS 342.615 for each leased employee for that portion of the payroll pertaining to the leased employee.

(b) "Direct written premium" for insurance companies means the gross premium written less return premiums and premiums on policies not taken but including policy and membership fees.

The rates, factors, and methods used to calculate the cost for coverage under this paragraph for insurance policies or other evidence of coverage with provisions for deductibles shall be the same rates, factors, and methods normally used by the insurance company in Kentucky to calculate the cost for coverage for insurance policies or other evidence of coverage without provisions for deductibles, except that, for insurance policies or other evidence of coverage with provisions for deductibles effective on or after January 1, 1995, the calculated cost for coverage shall not include any schedule rating modifications, debits, or credits. The cost for coverage calculated under this paragraph by insurance companies that issue only deductible insurance policies in Kentucky shall be actuarially adequate to cover the entire liability of the employer for compensation under this chapter, including all expenses and allowances normally used to calculate the cost for coverage. For policies with provisions for deductibles with effective dates of May 6, 1993, through December 31, 1993, for which the insurance company did not report premiums and remit special fund assessments based on the calculated cost for coverage prior to the reduction for deductibles, "premium" includes the initial consideration plus any reimbursements invoiced for losses, expenses, or fees charged under the deductibles.

(d) "Return premiums" for insurance companies means amounts returned to insureds due to endorsements, retrospective adjustments, cancellations, dividends, or errors.

(26) "Insurance policy" for an insurance company or group self-insurer means the term of insurance coverage commencing from the date coverage is extended, whether a new policy or a renewal, through its expiration, not to exceed the anniversary date of the renewal for the following year.

(27) "Self-insurance year" for a group self-insurer means the annual period of certification of the group created pursuant to KRS 342.350(4).

(28) "Premium" for each employer carrying his own risk pursuant to KRS 342.340(1) shall be the projected value of the employer's workers' compensation claims for the next calendar year as calculated by the commissioner using generally-accepted actuarial methods as follows:

(a) The base period shall be the earliest three (3) calendar years of the five (5) calendar years immediately preceding the calendar year for which the calculation is made. The commissioner shall identify each claim of the employer which has an injury date or date of last injurious exposure to the cause of an occupational disease during each one (1) of the three (3) calendar years to be used as the base, and shall assign a value to each claim. The value shall be the total of the indemnity benefits paid to date and projected to be paid, adjusted to current benefit levels, plus the medical benefits paid to date and projected to be paid for the life of the claim, plus the cost of medical and vocational rehabilitation paid to date and projected to be paid. Adjustment to current benefit levels shall be done by multiplying the weekly indemnity benefit for each claim by the number obtained by dividing the statewide average weekly wage which will be in effect for the year for which the premium is being calculated by the statewide average weekly wage in effect during the year in which the injury or date of the last exposure occurred. The total value of the claims using the adjusted weekly benefit shall then be calculated by the commissioner. Values for claims in which awards have been made or settlements reached because of findings of permanent partial or permanent total disability shall be calculated using the mortality and interest discount assumptions used in the latest available statistical plan of the advisory rating organization defined in Subtitle 13 of KRS Chapter 304. The sum of all calculated values shall be computed for all claims in the base period.

(b) The commissioner shall obtain the annual payroll for each of the three (3) years in the base period for each employer carrying his own risk from records of the department and from the records of the Department for Employment Services, Cabinet for Workforce Development. The commissioner shall multiply each of the three (3) years of payroll by the number obtained by dividing the statewide average weekly wage which will be in effect for the year in which the premium is being calculated by the statewide average weekly wage in effect in each of the years of the base period.

(c) The commissioner shall divide the total of the adjusted claim values for the three (3) year base period by the total adjusted payroll for the same three (3) year period. The value so calculated shall be multiplied by 1.25 and shall then be multiplied by the employer's most recent annualized payroll, calculated using records of the department and the Department for Employment Services data which shall be made available for this purpose on a quarterly basis as reported, to obtain the premium for the next calendar year for assessment purposes under KRS 342.122.

(d) For November 1, 1987, through December 31, 1988, premium for each employer carrying his own risk shall be an amount calculated by the board pursuant to the provisions contained in this subsection and such premium shall be provided to each employer carrying his own risk and to the funding commission on or before January 1, 1988. Thereafter, the calculations set forth in this subsection shall be performed annually, at the time each employer applies or renews his application for certification to carry his own risk for the next twelve (12) month period and submits payroll and other data in support of the application. The employer and the funding commission shall be notified at the time of the certification or recertification of the premium calculated by the commissioner, which shall form the employer's basis for assessments pursuant to KRS 342.122 for the calendar year beginning on January 1 following the date of certification or recertification.

(e) If an employer having fewer than five (5) years of doing business in this state applies to carry his own risk and is so certified, his premium for the purposes of KRS 342.122 shall be based on the lesser number of years of experience as may be available including the two (2) most recent years if necessary to create a three (3) year base period. If the employer has less than two (2) years of operation in this state available for the premium calculation, then his premium shall be the greater of the value obtained by the calculation called for in this subsection or the amount of security required by the commissioner pursuant to KRS 342.340(1).

(f) If an employer is certified to carry his own risk after having previously insured the risk, his premium shall be calculated using values obtained from claims incurred while insured for as many of the years of the base period as may be necessary to create a full three (3) year base. After the employer is certified to carry his own risk and has paid all amounts due for assessments upon premiums paid while insured, he shall be assessed only upon the premium calculated under this subsection.

(g) "Premium" for each employer defined in KRS 342.630(2) shall be calculated as set forth in this subsection.

(h) Notwithstanding any other provision of this subsection, the premium of any employer authorized to carry its own risk for purposes of assessments due under this chapter shall be no less than thirty cents ($0.30) per one hundred dollars ($100) of the employer's most recent annualized payroll for employees covered by this chapter.

(29) "SIC code" as used in this chapter means the Standard Industrial Classification Code contained in the latest edition of the Standard Industrial Classification Manual published by the Federal Office of Management and Budget.

(30) "Investment interest" means any pecuniary or beneficial interest in a provider of medical services or treatment under this chapter, other than a provider in which that pecuniary or investment interest is obtained on terms equally available to the public through trading on a registered national securities exchange, such as the New York Stock Exchange or the American Stock Exchange, or on the National Association of Securities Dealers Automated Quotation System.

(31) "Managed health care system" means a health care system that employs gatekeeper providers, performs utilization review, and does medical bill audits.

As used in this chapter, unless the context otherwise requires:

(1) "Injury" means any work-related traumatic event or series of traumatic events, including cumulative trauma, arising out of and in the course of employment which is the proximate cause producing a harmful change in the human organism evidenced by objective medical findings. "Injury" does not include the effects of the natural aging process, and does not include any communicable disease unless the risk of contracting the disease is increased by the nature of the employment. "Injury" when used generally, unless the context indicates otherwise, shall include an occupational disease and damage to a prosthetic appliance, but shall not include a psychological, psychiatric, or stress-related change in the human organism, unless it is a direct result of a physical injury.

(2) "Occupational disease" means a disease arising out of and in the course of the employment.

(3) An occupational disease as defined in this chapter shall be deemed to arise out of the employment if there is apparent to the rational mind, upon consideration of all the circumstances, a causal connection between the conditions under which the work is performed and the occupational disease, and which can be seen to have followed as a natural incident to the work as a result of the exposure occasioned by the nature of the employment and which can be fairly traced to the employment as the proximate cause. The occupational disease shall be incidental to the character of the business and not independent of the relationship of employer and employee. An occupational disease need not have been foreseen or expected but, after its contraction, it must appear to be related to a risk connected with the employment and to have flowed from that source as a rational consequence.

(4) "Injurious exposure" shall mean that exposure to occupational hazard which would, independently of any other cause whatsoever, produce or cause the disease for which the claim is made.

(5) "Death" means death resulting from an injury or occupational disease.

(c) "Permanent total disability" means the condition of an employee who, due to an injury, has a permanent disability rating and has a complete and permanent inability to perform any type of work as a result of an injury, except that total disability shall be irrebuttably presumed to exist for an injury that results in:

1. Total and permanent loss of sight in both eyes;
2. Loss of both feet at or above the ankle;
3. Loss of both hands at or above the wrist;

It shall not include the commercial processing, packing, drying, storing, or canning of such commodities for market, or making cheese or butter or other dairy products for market.

(19) "Beneficiary" means any person who is entitled to income benefits or medical and related benefits under this chapter.

A business entity engaged in the severance or processing of coal, including, but not limited to, administrative or selling functions, shall be considered wholly engaged in the severance or processing of coal for the purpose of this chapter. However, a business entity which is engaged in a separate business activity not related to coal, for which a separate premium charge is not made, shall be deemed to be engaged in the severance or processing of coal only to the extent that the number of employees engaged in the severance or processing of coal bears to the total number of employees. Any employee who is involved in the business of severing or processing of coal and business activities not related to coal shall be prorated based on the time involved in severance or processing of coal bears to his total time.

(24) "Premium" for every group of self-insurers means any and all assessments levied on its members by such group or contributed to it by the members thereof. For special fund assessment purposes, "premium" also includes any and all membership dues, fees, or other payments by members of the group to associations or other entities used for underwriting, claims handling, loss control, premium audit, actuarial, or other services associated with the maintenance or operation of the self-insurance group.

The rates, factors, and methods used to calculate the cost for coverage under this paragraph for insurance policies or other evidence of coverage with provisions for deductibles shall be the same rates, factors, and methods normally used by the insurance company in Kentucky to calculate the cost for coverage for insurance policies or other evidence of coverage without provisions for deductibles, except that, for insurance policies or other evidence of coverage with provisions for deductibles effective on or after January 1, 1995, the calculated cost for coverage shall not include any schedule rating modification, debits, or credits. The cost for coverage calculated under this paragraph by insurance companies that issue only deductible insurance policies in Kentucky shall be actuarially adequate to cover the entire liability of the employer for compensation under this chapter, including all expenses and allowances normally used to calculate the cost for coverage. For policies with provisions for deductibles with

effective dates of May 6, 1993, through December 31, 1993, for which the insurance company did not report premiums and remit special fund assessments based on the calculated cost for coverage prior to the reduction for deductibles, "premiums received" includes the initial premium plus any reimbursements invoiced for losses, expenses, and fees charged under the deductibles. The special fund assessment rates in effect for reimbursements invoiced for losses, expenses, or fees charged under the deductibles shall be those percentages in effect on the effective date of the insurance policy. For policies covering leased employees as defined in KRS 342.615, "premiums received" means premiums calculated using the experience modification factor of each lessee as defined in KRS 342.615 for each leased employee for that portion of the payroll pertaining to the leased employee.

(b) "Direct written premium" for insurance companies means the gross premium written less return premiums and premiums on policies not taken but including policy and membership fees.

The rates, factors, and methods used to calculate the cost for coverage under this paragraph for insurance policies or other evidence of coverage with provisions for deductibles shall be the same rates, factors, and methods normally used by the insurance company in Kentucky to calculate the cost for coverage for insurance policies or other evidence of coverage without provisions for deductibles, except that, for insurance policies or other evidence of coverage with provisions for deductibles effective on or after January 1, 1995, the calculated cost for coverage shall not include any schedule rating modifications, debits, or credits. The cost for coverage calculated under this paragraph by insurance companies that issue only deductible insurance policies in Kentucky shall be actuarially adequate to cover the entire liability of the employer for compensation under this chapter, including all expenses and allowances normally used to calculate the cost for coverage. For policies with provisions for deductibles with effective dates of May 6, 1993, through December 31, 1993, for which the insurance company did not report premiums and remit special fund assessments based on the calculated cost for coverage prior to the reduction for deductibles, "premium" includes the initial consideration plus any reimbursements invoiced for losses, expenses, or fees charged under the deductibles.

(d) "Return premiums" for insurance companies means amounts returned to insureds due to endorsements, retrospective adjustments, cancellations, dividends, or errors.

(26) "Insurance policy" for an insurance company or group self-insurer means the term of insurance coverage commencing from the date coverage is extended, whether a new policy or a renewal, through its expiration, not to exceed the anniversary date of the renewal for the following year.

(27) "Self-insurance year" for a group self-insurer means the annual period of certification of the group created pursuant to KRS 342.350(4).

(28) "Premium" for each employer carrying his own risk pursuant to KRS 342.340(1) shall be the projected value of the employer's workers' compensation claims for the next calendar year as calculated by the commissioner using generally-accepted actuarial methods as follows:

(a) The base period shall be the earliest three (3) calendar years of the five (5) calendar years immediately preceding the calendar year for which the calculation is made. The commissioner shall identify each claim of the employer which has an injury date or date of last injurious exposure to the cause of an occupational disease during each one (1) of the three (3) calendar years to be used as the base, and shall assign a value to each claim. The value shall be the total of the indemnity benefits paid to date and projected to be paid, adjusted to current benefit levels, plus the medical benefits paid to date and projected to be paid for the life of the claim, plus the cost of medical and vocational rehabilitation paid to date and projected to be paid. Adjustment to current benefit levels shall be done by multiplying the weekly indemnity benefit for each claim by the number obtained by dividing the statewide average weekly wage which will be in effect for the year for which the premium is being calculated by the statewide average weekly wage in effect during the year in which the injury or date of the last exposure occurred. The total value of the claims using the adjusted weekly benefit shall then be calculated by the commissioner. Values for claims in which awards have been made or settlements reached because of findings of permanent partial or permanent total disability shall be calculated using the mortality and interest discount assumptions used in the latest available statistical plan of the advisory rating organization defined in Subtitle 13 of KRS Chapter 304. The sum of all calculated values shall be computed for all claims in the base period.

(b) The commissioner shall obtain the annual payroll for each of the three (3) years in the base period for each employer carrying his own risk from records of the department and from the records of the Department for Employment Services, Cabinet for Workforce Development. The commissioner shall multiply each of the three (3) years of payroll by the number obtained by dividing the statewide average weekly wage which will be in effect for the year in which the premium is being calculated by the statewide average weekly wage in effect in each of the years of the base period.

(c) The commissioner shall divide the total of the adjusted claim values for the three (3) year base period by the total adjusted payroll for the same three (3) year period. The value so calculated shall be multiplied by 1.25 and shall then be multiplied by the employer's most recent annualized payroll, calculated using records of the department and the Department for Employment Services data which shall be made available for this purpose on a quarterly basis as reported, to obtain the premium for the next calendar year for assessment purposes under KRS 342.122.

(d) For November 1, 1987, through December 31, 1988, premium for each employer carrying his own risk shall be an amount calculated by the board pursuant to the provisions contained in this subsection and such premium shall be provided to each employer carrying his own risk and to the funding commission on or before January 1, 1988. Thereafter, the calculations set forth in this subsection shall be performed annually, at the time each employer applies or renews his application for certification to carry his own risk for the next twelve (12) month period and submits payroll and other data in support of the application. The employer and the funding commission shall be notified at the time of the certification or recertification of the premium calculated by the commissioner, which shall form the employer's basis for assessments pursuant to KRS 342.122 for the calendar year beginning on January 1 following the date of certification or recertification.

(e) If an employer having fewer than five (5) years of doing business in this state applies to carry his own risk and is so certified, his premium for the purposes of KRS 342.122 shall be based on the lesser number of years of experience as may be available including the two (2) most recent years if necessary to create a three (3) year base period. If the employer has less than two (2) years of operation in this state available for the premium calculation, then his premium shall be the greater of the value obtained by the calculation called for in this subsection or the amount of security required by the commissioner pursuant to KRS 342.340(1).

(f) If an employer is certified to carry his own risk after having previously insured the risk, his premium shall be calculated using values obtained from claims incurred while insured for as many of the years of the base period as may be necessary to create a full three (3) year base. After the employer is certified to carry his own risk and has paid all amounts due for assessments upon premiums paid while insured, he shall be assessed only upon the premium calculated under this subsection.

(g) "Premium" for each employer defined in KRS 342.630(2) shall be calculated as set forth in this subsection.

(h) Notwithstanding any other provision of this subsection, the premium of any employer authorized to carry its own risk for purposes of assessments due under this chapter shall be no less than thirty cents ($0.30) per one hundred dollars ($100) of the employer's most recent annualized payroll for employees covered by this chapter.

(29) "SIC code" as used in this chapter means the Standard Industrial Classification Code contained in the latest edition of the Standard Industrial Classification Manual published by the Federal Office of Management and Budget.

(30) "Investment interest" means any pecuniary or beneficial interest in a provider of medical services or treatment under this chapter, other than a provider in which that pecuniary or investment interest is obtained on terms equally available to the public through trading on a registered national securities exchange, such as the New York Stock Exchange or the American Stock Exchange, or on the National Association of Securities Dealers Automated Quotation System.

(7) At any time during the pendency of the judgment or order rendered according to the terms of this section, a defendant may petition the releasing authority to modify or vacate its previous judgment or order on the grounds of change of circumstances with regard to the defendant's ability to pay the fee. The releasing authority shall advise the defendant of this right at the time of the rendering of the judgment or order placing the defendant on probation, parole, or other supervised release.

(8) All sums paid by the defendant pursuant to this section shall be paid into the general fund, except as provided in subsection (13) of this section.

(9) When granting a release of any defendant by way of probation, parole, or otherwise, the releasing authority shall make the payment of this fee a condition of release, unless the fee has been waived, reduced, or delayed as provided in this section. Nonpayment shall be grounds for revocation of the release as provided in KRS 533.050.

(10) The releasing authority, if the Department of Corrections petitions the releasing authority to modify the fee, shall consider the petition and may waive the payment of the fee in whole or in part, delay payment of the fee, increase the fee, or deny the petition.

(11) All fees fixed under the provisions of this section shall be collected by the circuit clerk of the county where the defendant is supervised, except as provided in subsection (13) of this section.

The adult misdemeanant probation and work release program of the county[~~ containing a city of the first class or urban-county government~~] shall, for each person released under its supervision, keep an account of all payments made, maintain copies of all receipts issued by the circuit clerk, and report delinquencies to the court.

SB 76, AN ACT relating to crimes and punishments.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 533.030 is amended to read as follows:

(1) The conditions of probation and conditional discharge shall be such as the court, in its discretion, deems reasonably necessary to insure that the defendant will lead a law-abiding life or to assist him to do so. The court shall provide as an explicit condition of every sentence to probation or conditional discharge that the defendant not commit another offense during the period for which the sentence remains subject to revocation.

(2) When imposing a sentence of probation or conditional discharge, the court may, in addition to any other reasonable condition, require that the defendant:

(a) Avoid injurious or vicious habits;

(b) Avoid persons or places of disreputable or harmful character;

(c) Work faithfully at suitable employment as far as possible;

(d) Undergo available medical or psychiatric treatment and remain in a specific institution as required for that purpose;

(e) Post a bond, without surety, conditioned on performance of any of the prescribed conditions;

(f) Support his dependents and meet other family responsibilities;

(g) Pay the cost of the proceeding as set by the court;

(h) Remain within a specified area;

(i) Report to the probation officer as directed;

(j) Permit the probation officer to visit him at his home or elsewhere;

(k) Answer all reasonable inquiries by the probation officer and promptly notify the probation officer of any change in address or employment; and

(l) If the defendant's record indicates a controlled substance or alcohol problem, submit to periodic testing for use of controlled substances or alcohol and pay a reasonable fee, not to exceed the actual cost of the test and analysis, as determined by the court, said fee to be collected by the circuit clerk, held in an agency account, and disbursed, on court order, solely to the agency or agencies responsible for testing and analysis as compensation for the cost of the testing and analysis performed under this subsection. For good cause shown, the testing fee may be waived by the court.

(3) When imposing a sentence of probation or conditional discharge in a case where a victim of a crime has suffered monetary damage as a result of the crime due to his property having been converted, stolen, or unlawfully obtained, or its value substantially decreased as a result of the crime, or where the victim suffered actual medical expenses, direct out-of-pocket losses, or loss of earning as a direct result of the crime, or if as a direct result of the crime the victim incurred medical expenses that were paid by the Cabinet for Human Resources, the Crime Victims Compensation Board, or any other governmental entity, the court shall order the defendant to make restitution in addition to any other penalty provided for the commission of the offense. Payment of restitution to the victim shall have priority over payment of restitution to any government agency. Restitution shall be ordered in the full amount of the damages, unless the damages exceed one hundred thousand dollars ($100,000) or twice the amount of the gain from the commission of the offense, whichever is greater, in which case the higher of these two (2) amounts shall be awarded. The court may, in lieu of ordering monetary restitution, order the defendant to make restitution by working for or on behalf of the victim. The court shall determine the number of hours of work necessary by applying the then prevailing federal minimum wage to the total amount of monetary damage caused by or incidental to the commission of the crime. The court may, with the consent of the agency, order the defendant to work as specified in KRS 533.070. Any work ordered pursuant to this section shall not be deemed employment for any purpose, nor shall the person performing the work be deemed an employee for any purpose. Where there is more than one (1) defendant or more than one (1) victim, restitution may be

apportioned. Restitution shall be subject to the following additional terms and conditions:

(a) Restitution by payment may be ordered in a lump sum or in specified payments;

(b) Restitution by payment may be ordered paid through the circuit clerk who shall disburse the moneys as ordered by the court;

(c) Where property which is unlawfully in the possession of the defendant is in substantially undamaged condition from its condition at the time of the taking, return of the property shall be ordered in lieu of monetary restitution;

(d) Restitution by payment to governmental agencies shall be made through payments to and disbursement by the circuit clerk;

(e) The circuit clerk shall assess an additional fee of two percent (2%) to defray the administrative costs of collection of payments or property. This fee shall be paid by the defendant and shall enure to the general fund of the State Treasury;

(f) When a defendant fails to make restitution ordered to be paid through the circuit clerk, the circuit clerk shall notify the court. The court shall hold a hearing to determine if the defendant is in contempt of the court or has violated the terms of his probation; and

(g) An order of restitution shall not preclude the owner of property or the victim who suffered personal physical or mental injury or out-of-pocket loss of earnings or support or other damages from proceeding in a civil action to recover damages from the defendant. A civil verdict shall be reduced by the amount paid under the criminal restitution order.

(4) In addition to any other terms and conditions imposed under this section, the court may require the probationer, as a condition of his probation, to make one (1) payment to a crime stoppers organization in an amount not to exceed the amount of the reward paid by a crime stoppers organization, as defined by KRS 431.570, relative to the probationer.

(5) ***In addition to any other terms and conditions imposed under this section, the court may require the probationer, as a condition of probation or conditional discharge of a sentence of detention or imprisonment for a drug or alcohol related offense, to make one (1) payment to Drug Abuse Resistance Education (D.A.R.E.) in an amount not to exceed the amount of any fine which also could have been imposed for the offense.***

(6) When a defendant is sentenced to probation or conditional discharge, he shall be given a written statement explicitly setting forth the conditions under which he is being released.

(7)[~~(6)~~] When imposing a sentence of probation or conditional discharge, the court, in addition to conditions imposed under this section, may require as a condition of the sentence that the defendant submit to a period of imprisonment in the county jail or to a period of home incarceration at whatever time or intervals, consecutive or nonconsecutive, the court shall determine. The time actually spent in confinement or home incarceration pursuant to this provision shall not exceed six (6) months or the maximum term of imprisonment assessed pursuant to KRS Chapter 532, whichever is the shorter. Time spent in confinement or home incarceration under this subsection shall be credited against the maximum term of imprisonment assessed for the defendant pursuant to KRS Chapter 532, if probation or conditional discharge is revoked and the defendant is sentenced to imprisonment. Any prohibitions against probation, shock probation, or conditional discharge under KRS 533.060(2), or 532.045 shall not apply to persons convicted of a misdemeanor or Class D felony and sentenced to a period of confinement or home incarceration under this section.
